Foreword ix
David L. Corwin

Preface xv

Acknowledgments xix

Part I: Sexual Abuse

1. Introduction and Overview 3

Part II: The Projects

2. Methodology 15
   - Overview 15
   - Introduction 16
   - The Initial Survey 19
   - Limitations 27
   - The Follow-Up Study 30
   - Summary and Conclusions 32

3. Prevalence and Characteristics of Abuse Among Clinicians 34
   - Overview 34
   - Introduction 35
   - Sexual and Physical Abuse 36
   - Abuse Characteristics 49
   - Summary and Conclusions 60

Part III: Sexual Abuse Allegations: What Do Clinicians Believe and Why Do They Believe It?

4. Credibility Ratings of Sexual Abuse Allegations: Effects of Respondent Factors 65
   - Overview 65
   - Introduction 66
   - Scale of Measurement 67
   - Variability of the Credibility Scores 67
   - Mean Credibility Ratings 68
   - Univariate Analysis of Credibility From Respondent Variables 72
   - Multiple Regression on Credibility From Respondent Variables 73
   - The Age Factor 74
   - The Gender Factor 75
   - The Discipline and Theoretical Orientation Factors 77
   - The Personal History of Abuse Factors 79
   - Two Hypothetical Clinicians 80
   - Summary and Conclusions 81

5. Credibility Ratings of Sexual Abuse Allegations: Effects of Case Factors 84
   - Overview 84
   - Introduction 85
   - Effects of Vignette Factors 86
   - Multiple Regression Analysis on Credibility From Vignette Factors 86
   - Significant Case Factors 89
   - Nonsignificant Case Factors 109
   - Two Hypothetical Vignettes 111
   - Combining Case and Clinician Predictions 114
   - Summary and Conclusions 115

Part IV: Effects of Childhood Abuse on Personal Relationships and Professional Behavior

6. Effects of Childhood Abuse on Adult Mental Health 119
   - Overview 119
   - Introduction 120
   - Caseness 122

Psychological Symptoms 123
Post-Traumatic Stress Disorder (PTSD) 127
Mediating Variables 129
Summary and Conclusions 138

7. Personal Relationships and Professional Practice 142
Overview 142
Introduction 143
Personal Relationships 144
Professional Behavior 158
Summary and Conclusions 165

8. Implications, Recommendations, and Conclusions 168
Introduction 168
Implications and Recommendations for Education, Training, and Practice 169
Recommendations for Research 175
Conclusions 178

Appendix A: Sixteen Vignettes 181

Appendix B: Initial Survey Demographic Questionnaire 197

Appendix C: Initial Survey Cover Letter 203

Appendix D: Taguchi Methods Applied to Social Research 205
