<i>Dedication</i>	v	
<i>Preface</i>	xi	
Chapter 1	Exposure to Interparental Violence	1
	History of Research of Children Exposed to Interparental Violence	1
	Incidence and Prevalence	2
	Definitional Issues	4
	Exposed Children as Psychologically Abused	5
	Dynamics of Battering and Relationship to Emotional Abuse	6
	Conclusion	7
	References	7
Chapter 2	Impact of Exposure to Interparental Abuse	11
	Overview and Brief History	12
	Initial Research	12
	Later Steps	13
	Summary	14
	Current Findings	15
	Exposed Children's Problems	15
	Severity of Exposed Children's Problems	15
	Situational/Contextual Associated Factors	16
	Heterogeneity in Impact and Longer-Term Adjustment	22
	Summary and Implications for Intervention	24
	Implications for Research	25
	Recent Advances in Research	25
	Suggestions for Future Research	28
	Conclusion	30
	References	30

Chapter 3	Individual Differences in Response to Exposure:	
	Risk and Resilience	36
	Age	37
	Gender	40
	Gender and Emotional Security	44
	Gender and Personal Abuse	45
	Gender and Children's Reactions to Battered Mothers	45
	Gender and Coping	46
	Gender and Perceptions of Interparental Conflict	47
	Gender Across Generations	48
	Ethnicity	48
	Temperament	49
	Posttraumatic Symptomatology	50
	Children's Relationships and Social Support	53
	Children's Control Beliefs and Coping Behavior	54
	Children's Understanding of Parental Conflict	55
	Conclusion	58
	References	59
Chapter 4	Theoretical Explanations of Impact:	
	Accounting for Change	65
	Impact as Coping	66
	Theoretical Accounts of Impact	67
	Behavioral Theories	68
	Trauma Explanations	72
	Family Systems Theories	75
	Relational Approaches	77
	Genetic Contributions	79
	Conclusion	79
	References	80
Chapter 5	Exposure to Interparental Violence in Diverse Family	
	Contexts: Impact on Children	84
	General Issues for Diverse Types of Families	85
	Invisibility	85
	Largest Ethnic Groups	86
	Lesbian Women and Gay Men	86
	Marginalized Groups and Stresses	86
	Risk Factors	88
	Limitations of Current Literature	88
	Ethnically, Individually, and Culturally Diverse Families	89
	African-American Families	89
	Latino Families	89
	Asian Families	90
	American Indian Families	90

Interparental Conflict in Ethnically, Individually, and Culturally Diverse Families	91
Negative Impact on Children	91
African American Families	92
Latino Families	94
Asian Families	95
American Indian Families	96
Families Headed by Lesbians or Gay Men	97
Implications	100
Implications for Research	100
Implications for Clinical Practice	102
Conclusion	102
References	103
 <i>Chapter 6</i>	
Treatment and Prevention of the Impact of Exposure	107
Treatment Considerations	108
Clinical Focus	108
Theoretical Focus	118
Implications of Empirical, Conceptual, and Theoretical Work for Intervention	120
Needs in the Intervention Literature	125
Prevention Considerations	127
Perspectives on Prevention	128
Promising Programs	129
Summary	131
Conclusion	132
References	133
 <i>Chapter 7</i>	
Children and Youth Exposed to Interparental Violence and the Courts	139
Child Custody Issues with Exposed Children	140
Astrid and Mark	140
Interparental Violence and the Parent–Child Relationship	142
Variations in Interparental Violence and Its Effects on Custody Decision Making	143
Exposed Youth and the Juvenile Justice System	146
Clyde	146
Paul	148
Clinical and Forensic Issues	149
William	152
Multiple Victimization and Sources of Adversity	153
Intervention with Multiproblem Youth and Their Families	154
Conclusion	155
References	156

<i>Chapter 8</i>	Needs and New Directions	159
	Progress	159
	Myriad of Facts that Interact	159
	Models and Theories	160
	Diversity	160
	Appropriate Interventions	160
	Collaboration	160
	Needs in the Area	161
	Needs in Research	161
	Needs in Intervention	164
	Needs in Prevention	165
	Needs in Policy	166
	Needs in Funding	166
	Conclusion	166
	References	167
