

LARS VALERIAN AHLFORS: COLLECTED PAPERS

CONTENTS—Volume 1

	Page
About the Organization of These Volumes	iv
Author's Preface	xi
Publications of Lars V. Ahlfors	xv
Commentary	1
[1] Sur le nombre des valeurs asymptotiques d'une fonction entière d'ordre fini (1929)	3
[2] Über die asymptotischen Werte der ganzen Funktionen endlicher Ordnung (1929)	5
[5] Untersuchungen zur Theorie der konformen Abbildung und der ganzen Funktionen (1930)	18
Papers	56
[3] Sur quelques propriétés des fonctions méromorphes (1930)	57
[4] Beiträge zur Theorie der meromorphen Funktionen (1930)	60
[7] Ein Satz von Henri Cartan und seine Anwendung auf die Theorie der meromorphen Funktionen (1931)	65
Commentary	84
[6] Zur Bestimmung des Typus einer Riemannschen Fläche (1931)	86
[17] Sur le type d'une surface de Riemann (1935)	91
[20] Über eine Klasse von Riemannschen Flächen (1936)	94
Papers	100
[10] Über die asymptotischen Werte der meromorphen Funktionen endlicher Ordnung (1932)	101
[12] Ein Satz über die charakteristische Funktion und den Maximalmodul einer meromorphen Funktion (1932)	107
Commentary	111
[11] Über eine in der neueren Wertverteilungstheorie betrachtete Klasse transzendenter Funktionen (1932)	112
Commentary	144
[8] Sur une généralisation du théorème de Picard (1932)	145
[9] Sur les fonctions inverses des fonctions méromorphes (1932)	149
[13] Quelques propriétés des surfaces de Riemann correspondant aux fonctions méromorphes (1932)	152
[14] Über die Kreise die von einer Riemannschen Fläche schlicht überdeckt werden (1933)	163

[15]	Sur les domaines dans lesquels une fonction méromorphe prend des valeurs appartenant à une région donnée (1933)	174
Commentary		189
[16]	Über eine Methode in der Theorie der meromorphen Funktionen (1935)	190
Paper		204
[18]	Über die konforme Abbildung von Überlagerungsflächen (1935)	205
Commentary		212
[19]	Zur Theorie der Überlagerungsflächen (1935)	214
Commentary		252
[22]	Über die Anwendung differentialgeometrischer Methoden zur Untersuchung von Überlagerungsflächen (1937)	253
[24]	Geometrie der Riemannschen Flächen (1937)	268
Commentary		278
[23]	(With H. Grunsky) Über die Blochsche Konstante (1937)	279
Commentary		282
[26]	Zur Uniformisierungstheorie (1939)	283
[28]	Die Begründung des Dirichletschen Prinzips (1943)	297
[32]	Das Dirichletsche Prinzip (1947)	313
Commentary		319
[31]	Normalintegrale auf offenen Riemannschen Flächen (1947)	320
Commentary		341
[21]	On Phragmén-Lindelöf's Principle (1937)	342
[25]	An Extension of Schwarz's Lemma (1938)	350
Paper		356
[34]	(With M. Heins) Questions of regularity connected with the Phragmén-Lindelöf principle (1949)	357
Commentary		363
[27]	The Theory of Meromorphic Curves (1941)	365
Commentary		394
[29]	(With A. Beurling) Invariants conformes et problèmes extrémaux (1946)	395
[35]	(With A. Beurling) Conformal invariants and function-theoretic null-sets (1950)	406
[41]	(With A. Beurling) Conformal invariants (1952)	435
Commentary		438
[30]	Bounded analytic functions (1947)	439
[36]	Open Riemann surfaces and extremal problems on compact subregions (1950)	450
Commentary		485
[40]	On the characterization of hyperbolic Riemann surfaces (1952)	486
[42]	(With H. L. Royden) A counterexample in the classification of open Riemann surfaces (1952)	489

Paper	492
[43] Development of the theory of conformal mapping and Riemann surfaces through a century (1953)	493
Commentary	502
[39] Remarks on the Neumann-Poincaré integral equation (1952)	503
[46] Two numerical methods in conformal mapping (1955)	513

CONTENTS—Volume 2

About the Organization of These Volumes	iv
Author's Preface	xi
Publications of Lars V. Ahlfors	xv
Commentary	1
[44] On quasiconformal mappings (1954)	2
Commentary	62
[47] Remarks on Riemann surfaces (1955)	63
[48] Square-integrable differentials on open Riemann surfaces (1956)	67
[50] Extremalprobleme in der Funktionentheorie (1958)	70
[51] The method of orthogonal decomposition for differentials on open Riemann surfaces (1958)	77
[52] Abel's theorem for open Riemann surfaces (1958)	90
Commentary	103
[49] (With A. Beurling) The boundary correspondence under quasiconformal mappings (1956)	104
Commentary	122
[54] The complex analytic structure of the space of closed Riemann surfaces (1960)	123
Commentary	145
[55] Classical and contemporary analysis (1961)	146
Commentary	155
[57] Some remarks on Teichmüller's space of Riemann surfaces (1961)	156
[58] Curvature properties of Teichmüller's space (1962)	177
Commentary	193
[59] Geodesic curvature and area (1962)	194
Commentary	201
[60] (With G. Weill) A uniqueness theorem for Beltrami equations (1962)	202

Paper	206
[61] Teichmüller spaces (1963)	207
Commentary	214
[63] Quasiconformal reflections (1963)	215
Commentary	226
[45] Conformality with respect to Riemannian metrics (1955)	227
[53] (With L. Bers) Riemann's mapping theorem for variable metrics (1960)	247
Commentary	267
[64] Extension of quasiconformal mappings from two to three dimensions (1964)	268
Commentary	272
[65] Finitely generated Kleinian groups (1964)	273
[65a] Correction to "Finitely generated Kleinian groups" (1965)	290
Papers	291
[66] Eine Bemerkung über Fuchssche Gruppen (1964)	292
[67] Kleinian groups (1964)	294
[68] Quasiconformal mappings and their applications (1964)	301
Commentary	315
[70] Some remarks on Kleinian groups (1965)	316
[71] Fundamental polyhedrons and limit point sets of Kleinian groups (1966)	320
Paper	324
[72] Remarks on Carleman's formula for functions in a halfplane (1966)	325
Commentary	330
[73] Kleinsche Gruppen in der Ebene und im Raum (1966)	331
[74] Hyperbolic motions (1967)	340
Commentary	344
[80] Conditions for quasiconformal deformations in several variables (1974)	345
[82] Invariant operators and integral representations in hyperbolic space (1975)	352
[89] A singular integral equation connected with quasiconformal mappings in space (1978)	369
Commentary	381
[75] Eichler integrals and the area theorem of Bers (1968)	382
[76] The structure of a finitely generated Kleinian group (1969)	389
[77] Two lectures on Kleinian groups (1971)	406
[78] Remarks on the limit point set of a finitely generated Kleinian group (1971)	422
Commentary	430
[79] Sufficient conditions for quasi-conformal extension (1973)	431
[81] A remark on schlicht functions with quasiconformal extensions (1974)	438
Paper	442
[83] Quasiconformal deformations and mappings in R^n (1976)	443

Commentary	467
[85] On a class of quasiconformal mappings (1976)	468
[88] A singular operator in hyperbolic space (1977)	474
Commentary	479
[86] An inequality between the coefficients a_3 and a_4 of a univalent function (1976)	480
Paper	484
[90] Quasiconformal mappings, Teichmüller spaces, and Kleinian groups (1978)	485
Papers	499
[91] The Hölder continuity of quasiconformal deformations (1979)	500
[92] Ergodic properties of groups Möbius transformations (1979)	509
