IV Analysis of Qualitative Data	32
V Analysis of Quantitative Data	45
VI Summary and Recommendations	60
References	71

I am indebted to the men who participated in this research, while organisational support from the Cardiff Women's Safety Unit and Safer Cardiff was invaluable. Thanks to my supervisor Alyson Rees, as well as Jonathan Scourfield, both of Cardiff University. Finally, this Monograph is dedicated to the memory of my grandfather, Professor H.W.F. Saggs.
