# List of tables and figures

## Tables

1	The age and numbers of people reported missing	10
2	Gender distribution within age group	10
3	Comparison of age distribution within ethnic groups	11
4	Residence of person prior to going missing	12
5	Employment status of adults in follow-up sample	12
6	Adults' reasons for being missing	14
7	Young people's reasons for being missing	21
8	Places stayed while away	27
9	Potential sources of help approached	30
10	Types of help received while missing	30
11	Potential sources of help approached	34
12	Types of help received while missing	34
13	Percentage missing in each age group by time missing	38
14	Percentage returned, made contact or refused contact in each age group	39
15	Percentage found dead in each age group	45
16	Structure of case file sample	62
17	Comparing the age and gender of database and follow-up samples	62
18	Comparing ethnic origin of database and follow-up samples	63

## Figures

1	The missing continuum	3
2	The ages at which people went missing	9
3	Time missing by reason for going missing	40
