## **1 Why are auditors needed? 1**

Learning objectives 1

Opening remarks 2

Introduction to basic principles through a simple case 3

Case study 1.1: Andrew and James, Parts 1–4 3

Justification of audit 7

Case study 1.1: Andrew and Jones, Part 4 8

Introduction to truth and fairness in accounting 11

Basic audit framework 14

Some initial ideas on an extended role for audit 14

Assurance services 19

Summary of principles 19

Definition of an audit of financial and other information 21

The Auditors' Code: The Fundamental Principles of

Independent Auditing 22

Summary 25

Key points of the chapter 25

References 26

Further reading 26

Self-assessment questions (solutions available to students) 27

Self-assessment questions (solutions available to tutors) 27

## **2 An overview of the postulates and concepts of auditing 28**

Learning objectives 28

The importance of theory and concepts in underpinning auditing practice 29

The postulates of auditing 31

The concepts of auditing: credibility, process, communication, performance 32

Introduction to the audit expectations gap 46

The layers of regulation and control 48

Summary 52

Key points of the chapter 53

References 54

Further reading 55

Self-assessment questions (solutions available to students) 55

Self-assessment questions (solutions available to tutors) 55

## **3 The meaning and importance of auditor independence: factors affecting independence and measures to attain it 56**

Learning objectives 56

Introduction 57

|                                                                            |     |
|----------------------------------------------------------------------------|-----|
| Independence and the role of audit                                         | 57  |
| Definitions of independence                                                | 60  |
| Practitioner and profession independence                                   | 61  |
| Conflict, power of auditor and client and effect on perceived independence | 66  |
| General principles of the IFAC code                                        | 73  |
| Ethical standards (ESs) issued by APB                                      | 74  |
| Other pronouncements on auditor independence                               | 95  |
| Summary                                                                    | 98  |

#### **4 Audit regulation 104**

|                                                                             |     |
|-----------------------------------------------------------------------------|-----|
| Learning objectives                                                         | 104 |
| The need for regulation                                                     | 105 |
| Companies Act 1989                                                          | 107 |
| Overview of the UK regulatory system in force until 2003                    | 109 |
| Monitoring audit firms' standards                                           | 111 |
| Present regulatory system                                                   | 112 |
| Financial Reporting Council (FRC)                                           | 114 |
| The Professional Oversight Board (POB)                                      | 114 |
| Accountancy Investigation and Discipline Board (AIDB)                       | 116 |
| Auditing Practices Board (APB)                                              | 116 |
| Accounting Standards Board (ASB)                                            | 120 |
| Financial Reporting Review Panel (FRRP)                                     | 120 |
| Audit monitoring                                                            | 121 |
| Report of the Co-ordinating Group on Audit and Accounting Issues (CGAA)     | 122 |
| Further regulation of auditing by the law and accounting profession         | 124 |
| The statutory and practical relationships                                   | 124 |
| Rules on appointment, removal and resignation of the auditor                | 127 |
| Case study 4.1: Rosedale Cosmetics plc, Parts 1–6                           | 128 |
| Private companies                                                           | 138 |
| Summary                                                                     | 139 |
| Key points of the chapter                                                   | 139 |
| References                                                                  | 141 |
| Further reading                                                             | 141 |
| Suggested solutions to tasks                                                | 141 |
| Self-assessment questions (solutions available to students)                 | 143 |
| Self-assessment questions (solutions available to tutors)                   | 144 |
| Appendix 4.1: Summary of some of the requirements of the 1989 Companies Act | 145 |
| Appendix 4.2: Relevant sections of the Companies Act 1985                   | 147 |

#### **5 The risk-based approach to audit: audit judgement 166**

|                                                              |     |
|--------------------------------------------------------------|-----|
| Learning objectives                                          | 166 |
| Why is a risk-based approach to audit an aid to the auditor? | 167 |

The components of audit risk 173  
Case study 5.1: Edengrove Limited 173  
Case study 5.2: Kemback Limited, Parts 1 and 2 181, 184  
Engagement risk and independence in fact risk 186  
Business risk approach to audit 186  
Business risk and inherent risk approaches: similarities and dissimilarities 190  
The business risk approach and smaller clients and smaller audit firms 193  
Analytical review as a risk analysis tool 194  
Judgement in accounting and auditing and its relationship to risk 195  
Management of the audit process 197  
Case study 5.3: Hughes Electronics Limited 199  
Case study 5.4: County Hotel Limited, Parts 1 and 2 203  
Summary 211  
Key points of the chapter 211  
References 213  
Further reading 213  
Suggested solutions to tasks 214  
Self-assessment questions (solutions available to students) 216  
Case study 5.5: Cosmetics company: Fine Faces plc 217  
Self-assessment questions (solutions available to tutors) 219

## **6 The search for evidence explained 221**

Learning objectives 221  
The audit defined as a search for evidence to enable an opinion to be formed 222  
Forming conclusions on the basis of evidence: The exercise of judgement 224  
Reliability of audit evidence (grades of audit evidence) 227  
Case study 6.1: Ridgewalk plc 232  
The business risk approach to gathering audit evidence 234  
The stages of the audit process and the evidential requirements at each stage 237  
Limited assurance and compilation engagements and agreed upon procedures 237  
Conclusion 242  
Summary 242  
Key points of the chapter 242  
Reference 243  
Further reading 244  
Self-assessment questions (solutions available to students) 244  
Self-assessment questions (solutions available to tutors) 245

## **7 Systems work: basic ideas 1 247**

Learning objectives 247  
Introduction 248  
Note on auditing in a computer environment 248  
Note on business approach to audit 250  
Layers of regulation and control expanded 251  
Note on nature of controls 251

Case study 7.1: High Quality Limited (small independent supermarket) 263  
Case study 7.2: Company in the financial services sector: Caipie Financial Services 265  
Accounting and quality assurance/control systems 266  
General controls 267  
Case study 7.3: Cash received system: Horton Limited 272  
A word about collusion 281  
Summary 288  
Key points of the chapter 289  
References 290  
Further reading 290  
Self-assessment questions (solutions available to students) 290  
Self-assessment questions (solutions available to tutors) 291

## **8 Systems work: basic ideas 2 292**

Learning objectives 292  
Introduction 293  
Application controls 293  
Data capture/input controls 294  
Processing controls 301  
Output controls 304  
Database systems 304  
E-commerce 306  
Audit approaches to systems and controls 312  
Summary 332  
Key points of the chapter 332  
Further reading 334  
Self-assessment questions (solutions available to students) 334  
Self-assessment questions (solutions available to tutors) 334

## **9 Testing and evaluation of systems 336**

Learning objectives 336  
Introduction 337  
Sales and debtors system 337  
Case study 9.1: Broomfield plc: sales and debtors system 337  
Payroll system 340  
Case study 9.2: Wages payroll: Troston plc 340  
Purchases and creditors system 342  
Case study 9.3: Broomfield plc: part of purchases and trade creditors system 342  
General and application controls in a sales system 345  
Case study 9.4: Burbage Limited 345  
Compliance testing (tests of control) 347  
Evaluation of systems and audit conclusions 355  
Summary 357  
Key points of the chapter 357  
Reference 357  
Further reading 357

Self-assessment questions (solutions available to students) 358

Self-assessment questions (solutions available to tutors) 358

## **10 Substantive testing, computer-assisted audit techniques and audit programmes 360**

Learning objectives 360

Introduction 361

Substantive testing data (transactions and balances) 361

Case study 10.1: Powerbase plc: the substantive audit programme for purchases 362

The use of audit software 366

Directional testing 374

Substantive audit programmes for wages 376

Substantive audit programmes for cash 377

The management letter (communication of audit matters to those charged with governance) 377

Audit management with the computer 382

Summary 385

Key points of the chapter 385

Reference 387

Further reading 387

Self-assessment questions (solutions available to students) 387

Self-assessment questions (solutions available to tutors) 388

Appendix 10.1: substantive audit programme for production wages:

Troston plc 389

Appendix 10.2: substantive audit programme for cash/bank:

County Hotel Limited 392

## **11 Sampling and materiality 396**

Learning objectives 396

Introduction 397

What is sampling? 397

Designing and selecting the sample for testing 398

Case study 11.1: An example of judgemental sampling:

Broomfield plc 399

Sample selection methodology 401

Evaluation of test results 404

Monetary unit sampling (MUS) 406

Comparative advantages of statistical and non-statistical sampling 407

Alternative statistical sampling methods 408

Materiality 409

Summary 419

Key points of the chapter 419

References 421

Further reading 421

Self-assessment questions (solutions available to students) 421

Self-assessment questions (solutions available to tutors) 422

- 12 Final work: general principles, analytical review of financial statements, fixed assets and debtors 423**  
Learning objectives 423  
Introduction 424  
Pre-final work 424  
Balance sheet date work 425  
Bridging work between conclusion of interim work and the balance sheet date 427  
Analytical procedures 427  
Case study 12.1: Kothari Limited: analytical review 430  
Case study 12.2: Art Aid Limited: analytical review 436  
Detailed final audit work: general matters 440  
Tangible fixed assets and depreciation 447  
Case study 12.3: Pykestone plc: fixed assets 447  
Trade debtors and sales 462  
Case study 12.4: Sterndale plc: ageing statement 466  
Case study 12.5: Sterndale plc: analytical review of sales and debtors 467  
Summary 478  
Key points of the chapter 478  
Further reading 481  
Self-assessment questions (solutions available to students) 481  
Self-assessment questions (solutions available to tutors) 482

**13 Final work: specific problems related to stocks, long-term contracts and trade creditors 483**

- Learning objectives 483  
Introduction 484  
Stocks and work in progress 484  
Analytical procedures 489  
Case study 13.1: Billbrook Limited: analysis of stock, Parts 1 and 2 489, 490  
Case study 13.2: Greenburn Limited: stocktaking instructions 496  
Case study 13.3: Spancarr plc: stock valuation, Parts 1, 2 and 3 502, 504, 507  
Valuation of long-term contracts 511  
Case study 13.4: Graves Limited: long-term contracts 511  
Trade creditors and purchases 517  
Analytical procedures 520  
Summary 527  
Key points of the chapter 527  
Further reading 529  
Self-assessment questions (solutions available to students) 529  
Self-assessment questions (solutions available to tutors) 530

**14 Final review: post-balance sheet period, provisions, contingencies, letter of representation 532**

- Learning objectives 532  
Introduction 533  
Post-balance sheet events 533  
Provisions, contingent liabilities and contingent assets 539  
Going concern 547  
Audit work to detect post-balance sheet events and contingencies 547

Management letter of representation 550  
Audit documentation and role of final review 554  
Summary 558  
Key points of the chapter 558  
Further reading 560  
Self-assessment questions (solutions available to students) 560  
Self-assessment questions (solutions available to tutors) 561

## **15 Assurance engagements and internal audit 563**

Learning objectives 563  
Introduction 564  
Assurance engagements 564  
Case study 15.1: Protecting the environment in an area of scenic beauty 575  
Case study 15.2: Gilling Limited 578  
Internal audit 582  
Case study 15.3: Greenburn Limited: fleet of vans 583  
Auditing in the public sector 585  
Case study 15.4: Photocopy costs in an educational institution 586  
Case study 15.5: Barnton plc 587  
How to make the internal audit function effective 589  
Reliance on internal audit by the external auditor 591  
Outsourcing of internal audit work 594  
Case study 15.6: Internal audit at Troston plc 595  
Summary 597  
Key points of the chapter 597  
Further reading 599  
Self-assessment questions (solutions available to students) 599  
Self-assessment questions (solutions available to tutors) 601

## **16 The auditor's report 603**

Learning objectives 603  
Introduction 604  
The unqualified report 604  
The qualified audit report 615  
Disclaimer of responsibility 624  
Reasons for the introduction of the expanded audit report 626  
Reporting on corporate governance issues 628  
Electronic publication of auditors' reports 634  
Summary 635  
Key points of the chapter 636  
Further reading 637  
Self-assessment questions (solutions available to students) 638  
Self-assessment questions (solutions available to tutors) 639  
Appendix 16.1 641

## **17 Fraud and going concern 644**

Learning objectives 644  
Introduction to fraud 645  
Responsibility for fraud detection 646  
Recent debates relating to fraud 657

- Case law relating to fraud 659
- Consideration of law and regulations 660
- Introduction to going concern 663
- Directors' and auditors' responsibilities for going concern 663
- Reporting on going concern 669
- Summary 671
- Key points of the chapter 671
- Further reading 674
- Self-assessment questions (solutions available to students) 674
- Self-assessment questions (solutions available to tutors) 675

## **18 The audit expectations gap and corporate governance 677**

- Learning objectives 677
- The audit expectations gap 678
- The causes of the audit expectations gap, possible developments and solutions 679
- Corporate governance 692
- Summary 704
- Key points of the chapter 704
- References 705
- Further reading 706
- Self-assessment questions (solutions available to students) 706
- Self-assessment questions (solutions available to tutors) 707

## **19 The auditor and liability under the law 709**

- Learning objectives 709
- Introduction 710
- Criminal liability 710
- Civil liability 711
- Case law 712
- Auditing standards 727
- Professional conduct 727
- Potential ways of reducing auditor liability 728
- Summary 733
- Key points of the chapter 733
- References 736
- Further reading 736
- Self-assessment questions (solutions available to students) 737
- Self-assessment questions (solutions available to tutors) 738

## **20 Criticisms and developments in auditing 739**

- Learning objectives 739
- Introduction 740
- Regulation of auditing 740
- Independence 748
- The critics' view of the way forward 752
- Response to criticisms 754
- The Audit Agenda: Next Steps 760
- Auditing into the twenty-first century 761
- Auditor liability 763

|                                                             |     |
|-------------------------------------------------------------|-----|
| The audit society                                           | 771 |
| Summary                                                     | 784 |
| Key points of the chapter                                   | 785 |
| References                                                  | 787 |
