	<i>Alison McQuitty</i>	
	Sites and Places Mentioned in the Text	569

List of Figures

Figure 2.1	The location of principal wadi systems mentioned in the volume.	8
Figure 2.2	Principal physiographic provinces in Jordan.	10
Figure 2.3	Central Jordan Valley and Dead Sea.	11
Figure 2.4	Topography and Palaeolithic site distribution at Tabaqat Fahl.	12
Figure 2.5	Scematic cross-section through Wadi Hammeh, showing the stratigraphic relationship between the Masharia and Wadi Hammeh Palaeolithic sites.	13
Figure 2.6	Stratigraphic section beneath the plateau showing the vertical distribution of Palaeolithic sites.	14
Figure 2.7	Geology of Azraq Basin, eastern Jordan.	15
Figure 2.8	Geology of southwestern Jordan showing Quwayra-WadiHisma region.	21
Figure 2.9	Geological section through the Judayid Basin, southwestern Jordan.	22
Figure 2.10	Terraces of the Upper Wadi Zarqa region.	24
Figure 2.11	The maximum extent of Late Pleistocene Lake Hasa.	27
Figure 2.12	Upper Wadi Hasa: Schematic stratigraphic section and archaeological sites.	28
Figure 3.1	Examples of Levallois cores from a surface site near Amman.	36
Figure 3.2	Sites of the Lower and Middle Palaeolithic mentioned in the text.	40
Figure 3.3	Late Acheulian bifacial cleaver from Ayn Assad ("Lion Spring"), Azraq Oasis.	42
Figure 3.4	The Middle Paleolithic site of Ayn Difla, Wadi Hasa.	44
Figure 3.5	Sites of the Upper Palaeolithic mentioned in the text.	46
Figure 3.6	Excavations at the Upper Paleolithic Site of Thalab Buhayra, Wadi Hasa.	47
Figure 3.7	The collapsed rockshelter at Upper Paleolithic and Epipaleolithic Yutil Hasa, Wadi Hasa.	48
Figure 3.8	Sites of the Epipaleolithic mentioned in the text.	55
Figure 3.9	Examples of Early Epipaleolithic microliths from the Wadi Uwaynid, Azraq Region.	56
Figure 3.10	The Early Epipaleolithic Rockshelter of Tor Sageer, Wadi Hasa.	58
Figure 4.1	Neolithic sites mentioned in the text.	72
Figure 4.2	Reconstruction of Structure 4, Area I, Dhra, Jordan.	75
Figure 4.3	Plan of the MPPNB site of Shkarat Msaied.	77
Figure 4.4	Western room of a two-room MPPNB house at Ayn Ghazal.	79
Figure 4.5	A female statue and two busts from the 1983 cache from Ayn Ghazal.	82
Figure 4.6	Plan of the "Basta house" and adjacent structures.	84
Figure 4.7	"Twin" LPPNB shrines from Ayn Ghazal.	88
Figure 4.8	View to the west of the East Room of the upper LPPNB temple at Ayn Ghazal.	89
Figure 4.9	The lower LPPNB temple at Ayn Ghazal.	90
Figure 4.10	A PPNC corridor building and paved ramp at Ayn Ghazal.	92
Figure 4.11	The stepped, walled street and Yarmoukian "tent" structures at Ayn Ghazal	93
Figure 4.12	The large Yarmoukian dwelling at Ayn Ghazal.	96
Figure 5.1	Chalcolithic sites mentioned in the text.	110
Figure 5.2	Detail of Chalcolithic site locations in the Jordan Valley and surrounding regions.	115
Figure 5.3	Detail of Chalcolithic site locations in southern Israel and the Dead Sea region of Jordan.	116
Figure 5.4	Plan of Univesity of Sydney excavation areas at Tulaylat Ghassul.	119
Figure 5.5	Faunal and botanical data from Sydney University Ghassul excavations.	120
Figure 5.6	Plan of Pontifical Biblical Institute excavations.	122

Figure 5.7	Chalcolithic Domestic architecture.	125
Figure 5.8	Platform at Pella.	127
Figure 5.9	Plan and photo of sanctuary area at Ghassul.	130
Figure 5.10	Processional wall painting from Ghassul.	131
Figure 5.11	Pottery types from Ghassul.	132
Figure 5.12	Ground and Flaked stone.	133
Figure 5.13	Stamps, Dockets and Tokens at Chalcolith sites.	138
Figure 5.14	Burial architecture at Adaymeh and Bab adh-Dhra.	142
Figure 5.15	Traded items of the Chalcolithic.	144
Figure 6.1	Early Bronze Age I–III sites mentioned in text.	162
Figure 6.2	Plan of excavated area of Khirbat Zaraqun.	171
Figure 6.3	Tall Shuna, circular EB I structure, Building 9.	176
Figure 6.4	Tall Shuna, later EB I rectilinear structure, Building 3.	177
Figure 6.5	Bab adh-Dhra Tomb A76, an EB IA shaft grave.	194
Figure 6.6	Bab adh-Dhra Tomb A55, an EB II–III charnel house.	195
Figure 6.7	Dolmen, Jabal Mutawwaq.	196
Figure 6.8	EB I pottery.	201
Figure 6.9	Khirbat Kerak ware vessels from Tall Shuna.	202
Figure 6.10	Khirbat Zaraqun, large EB III storage jar.	203
Figure 6.11	EB III pottery from Bab adh-Dhra and Khirbat Zaraqun.	204
Figure 6.12	Metal and groundstone artefacts from Bab adh-Dhra.	206
Figure 6.13	Sealing practices from EBA Jordan	208
Figure 7.1	Early Bronze Age IV sites mentioned in text.	228
Figure 7.2	Pottery chronology according to Dever.	232
Figure 7.3	Tall Abu Niaj: surface pottery scatter.	235
Figure 7.4	General view of Jabal Rahayl, looking east from Jabal Asi.	236
Figure 7.5	General view of Khirbat Iskandar, looking north.	237
Figure 7.6	Menhir alignment at Lajjun.	238
Figure 7.7	Aerial view of the copper production site at Khirbat Hamra Ifdan in the Faynan region.	239
Figure 7.8	Shaft tomb at Tall Umayri.	241
Figure 7.9	Dolmen at Khirbat Umm Ghuzlan.	242
Figure 7.10	“Family AZ” pottery from a tomb at Tall Umayri.	246
Figure 7.11	Weapons from a tomb at Tall Umayri.	249
Figure 7.12	Ingot hoard from Khirbat Hamra Ifdan.	253
Figure 8.1	Sites mentioned in text.	264
Figure 8.2	Arboreal pollen frequencies from the Sea of Galilee sediment core.	267
Figure 8.3	Excavation areas on the main mound of Pella and adjoining hillsides.	269
Figure 8.4	Temple and domestic architecture excavated in phases 5–2 at Tall Hayyat.	271
Figure 8.5	Rank-size distributions for Early Bronze III and Middle Bronze IIB–C settlements of known size in the southern Levant.	273
Figure 8.6	Rank-size distributions for Early Bronze II, Middle Bronze IIA and Middle Bronze IIB–C settlements of known size in the Jordan Valley.	274

Figure 9.1	Late Bronze Age sites mentioned in text.	282
Figure 9.2	Glass pendant in form of a fertility figurine, Tall Fukhar.	289
Figure 9.3	Bronze lamp, Tall Fukhar.	290
Figure 9.4	The panel from the Balua stela.	291
Figure 9.5	Late Bronze Age pottery 1	292
Figure 9.6	Late Bronze Age pottery 2.	293
Figure 9.7	Glazed “knob,” possibly wall decoration, Tall Fukhar.	294
Figure 9.8	Late Bronze Age building plans.	296
Figure 9.9	Houses at Tall Fukhar.	297
Figure 9.10	Fenestrated stand from Pella.	302
Figure 10.1	Iron Age sites mentioned in text.	312
Figure 10.2	Schematic section of the western defences at Tall Umayri.	314
Figure 10.3	Plan of the Late Bronze/Iron I Transitional period architecture at Tall Umayri.	316
Figure 10.4	Isometric drawing of the Late Bronze/Iron I transitional four-room house at Tall Umayri.	317
Figure 10.5	Comparison of collared pithos rims from Late Bronze/Iron I Tall Umayri.	318
Figure 11.1	Persian period sites mentioned in text.	336
Figure 11.2	Pottery from stratified contexts at Tall Umayri which has Persian-period parallels.	341
Figure 11.3	Sausage-shaped torpedo jar from Tall Saidiyya.	342
Figure 11.4	Bag-shaped perfume juglet from Tall Saidiyya.	342
Figure 11.5	Stratum III building at Tall Saidiyya Stratum III	343
Figure 11.6	Building at Drayjat of probable Iron II date, remodelled in the Persian/Hellenistic period.	343
Figure 11.7	Final phase of Area C building at Busayra, probably a palace.	344
Figure 11.8	Final phase of Area A building at Busayra.	345
Figure 12.1	Hellenistic period and Nabataean sites mentioned in the text.	354
Figure 12.2	Gadara/Umm Qays, stretch of the city wall.	355
Figure 12.3	Gerasa/Jarash, view towards the acropolis hill from the temple of Zeus.	356
Figure 12.4	Iraq al-Amir, Qasr Abd.	358
Figure 12.5	Machaerus.	359
Figure 12.6	Nabataean pottery.	363
Figure 12.7	Map of Petra.	365
Figure 12.8	Petra: excavations near the Temenos Gate.	366
Figure 12.9	Petra, plan of residential villa.	369
Figure 12.10	Nabataean temples.	371
Figure 12.11	Khirbat Tannur, Nabataean sanctuary.	372
Figure 12.12	Relief slabs from Petra and Khirbat Tannur.	373
Figure 12.13	Petra, rock-cut façades.	375
Figure 12.14	Petra, funerary complexes.	383
Figure 13.1	Roman period sites mentioned in text.	414
Figure 13.2	Gerasa of the Decapolis (Jarash).	424
Figure 13.3	Philadelphia of the Decapolis (Amman).	425
Figure 13.4	Gadara of the Decapolis (Umm Qays).	426
Figure 13.5	Abila of the Decapolis (Quwayliba).	427

Figure 14.1	Byzantine period sites mentioned in text.	444
Figure 14.2	Byzantine provincial divisions.	446
Figure 14.3	Khirbat Faynan, ancient Phaeno.	452
Figure 14.4	View across Umm Jimal.	453
Figure 14.5	Qasr Burqu.	454
Figure 14.6	Byzantine pottery.	455
Figure 14.7	Byzantine pottery and glass.	456
Figure 14.8	Petra Church mosaic detail.	457
Figure 14.9	Umm Jimal. Mangers with stone troughs in a stable.	463
Figure 14.10	Pella, Tall Husn. Mangers with flat sills in a domestic context.	464
Figure 14.11	Umm Qays. Columns of the Octagonal Church with collonaded atrium behind.	465
Figure 14.12	Qasr Bshir. View of the western façade.	466
Figure 14.13	Umm Rasas. View of the tower east of the town.	474
Figure 15.1	Sites mentioned in text.	484
Figure 15.2	Chronological periodization of the early Islamic periods in Jordan.	485
Figure 15.3	Comparison of plans of Qasr Mushatta and Amman Citadel.	487
Figure 15.4	Preliminary outline plan of the Umayyad mosque in Jarash.	489
Figure 16.1	Sites mentioned in text.	496
Figure 16.2	The geopolitical features of tenth century Jordan, based on the Arab geographer al-Maqdisi	498
Figure 16.3	Major centres, provincial divisions and the pilgrimage route in Mamluk Jordan.	502
Figure 16.4	Shawbak castle: the square tower constructed by the Mamluk Sultan Husam al-Din Lajin.	509
Figure 16.5	Ajlun castle: plan showing the original structure with early thirteenth century additions.	510
Figure 16.6	Ajlun castle: the inner gateway to the additions of 1214–1215.	511
Figure 16.7	Azraq: entrance to the fort, 1236–1237.	512
Figure 16.8	Kahf al-Raqim: general view of the site, with the Mamluk mosque, cave and upper mosque.	515
Figure 16.9	Tabaqat Fahl: view of the Mamluk mosque after excavation and consolidation.	516
Figure 16.10	Amman Citadel: pottery of the second half of the eleventh century.	523
Figure 16.11	Aylah: pottery of the eleventh century from the Pavilion Building.	525
Figure 16.12	Pottery from Aylah, Shawbak and Tabaqat Fahl (Pella).	527
Figure 16.13	Tabaqat Fahl, pottery of the second half of the fourteenth to fifteenth century.	528
Figure 17.1	Sites mentioned in text.	540
Figure 17.2	Map showing economic variety in the sixteenth century.	543
Figure 17.3	Qatrana railway station.	546
Figure 17.4	Reconstruction drawing of a “transverse-arch house.”	548
Figure 17.5	Nineteenth century house of Haj Guweida Suleiman Obeidat in Hartha.	549
Figure 17.6	Interior of nineteenth century “arch-and-grain-bin” house at Qasr.	550
Figure 17.7	Diagram to show watermill technology	552
Figure 17.8	Ottoman pottery from Shawbak.	554
Figure 17.9	Twentieth century <i>habia</i> from north Jordan.	555
Figure 17.10a	Ottoman lamp and tobacco pipe fragments from Khirbat Faris.	556
Figure 17.10b	Lamp and Pipe Description.	557
Figure 17.11	Tabun oven.	558
Figure 17.12	Nineteenth century grave-marker.	561

List of Tables

Table 2.1	U–Th dates from the Central Plateau Region.	14
