List of principal contributors	viii
List of chairpersons	x
Preface	xi
INFLAMMATORY BOWEL DISEASE (SESSION I)	
Chair: KC Wu, C Owyang	
1 State-of-the-Art Lecture: Pathogenesis of inflammatory bowel disease: converging paradigms <i>DK Podolsky</i>	3
2 The role of the epithelium in inflammatory bowel disease <i>L Mayer</i>	9
3 Implications of genetics for clinical practice <i>DP Jewell</i>	12
4 Epidemiology of inflammatory bowel disease in China <i>Q Ouyang, Y Wang, R Hu, X Yang, N Xiao</i>	19
5 State-of-the-Art Lecture: The enteric microbiota: implications in inflammatory bowel disease <i>K Drabik, SA Kahn, EB Chang</i>	29
6 Can we predict the natural history of ulcerative colitis? <i>EV Loftus Jr</i>	38
INFLAMMATORY BOWEL DISEASE (SESSION II)	
Chair: EB Chang, Q Ouyang	
7 Practical use of steroids in inflammatory bowel disease <i>WJ Sandborn</i>	49

CONTENTS

8	Prevention of cancer in inflammatory bowel disease and the potential chemopreventive effect of aminosalicylates <i>DT Rubin</i>	55
9	Therapy of inflammatory bowel disease: bottom-up or top-down? <i>M Reinshagen</i>	67
10	State-of-the-Art Lecture: The future of biologic therapy in Asia <i>SB Hanauer</i>	70
CHRONIC LIVER DISEASE (SESSION I)		
Chair: J-D Jia, G Adler		
11	State-of-the-Art Lecture: The liver as an immune organ <i>G Ahlenstiel, B Rehermann</i>	77
12	Treatment strategies for hepatitis B in the West <i>ASF Lok</i>	87
13	Treatment strategies of hepatitis B in China <i>GB Yao</i>	96
14	State-of-the-Art Lecture: Treatment of hepatitis C <i>I Mederacke, M Cornberg, H Wedemeyer, MP Manns</i>	105
15	State-of-the-Art Lecture: Non-alcoholic steatohepatitis: concepts on pathogenesis and therapy <i>J George, D van der Poorten</i>	120
16	Liver fibrogenesis: how to stop progression? <i>SL Friedman</i>	125
17	Clinical aspects of primary biliary cirrhosis <i>U Beuers, BA Bastiaansen</i>	130
CHRONIC LIVER DISEASE (SESSION II)		
Chair: G Adler, A Lok		
18	Pathophysiology of portal hypertension and variceal bleeding <i>J Bosch, A de Gottardi, J Chang, A Berzigotti, F Schepis</i>	137
19	Management of ascites and hepatorenal syndrome <i>F Wong</i>	149

CONTENTS

20	Antiviral therapy for hepatitis B virus-associated hepatic failure <i>Y-M Wang, Y-Z Tang</i>	164
21	Adult-to-adult living donor liver transplantation – triumphs and challenges <i>ST Fan</i>	176
22	Chronic infection of hepatitis B virus and hepatocellular carcinoma in China <i>J-D Jia, X Guo</i>	179
