| 1. Interpreting the East German Dictatorship                  | I |
| The contested history of the GDR                              |   |
| Explaining the East German dictatorship                       |   |
| Towards an anatomy of patterns of power and political culture |   |

## PART I

### THE CONTOURS OF DOMINATION

|                                                                                |    |
|--------------------------------------------------------------------------------|----|
| 2. Structures and Mentalities of Power                                         | 21 |
| Mentalities of power: paternalism and paranoia                                 |    |
| The unity of the Socialist Unity Party                                         |    |
| The party state                                                                |    |
| Coercion and control: Stasi, police, and military                              |    |
| 3. Collusion: Patterns of Complicity                                           | 57 |
| Reaching the parts the party cannot reach: bloc parties and mass organizations |    |
| The penetration of society? Functionaries at the grass roots                   |    |
| The co-option of the intelligentsia                                            |    |
| Sustaining subordination: the <i>Mitläufertum</i>                              |    |
| 4. Render unto Caesar? The Pivotal Role of the Protestant Churches             | 87 |
| Antagonism and <i>rapprochement</i> , 1945–1969                                |    |
| Co-option 1969–1978: a Church within socialism?                                |    |
| Attempted <i>Gleichschaltung</i> : the agreement of 6 March 1978               |    |
| The porous rock: between God, state, and society, 1978–1989                    |    |
| Church, state, and Stasi                                                       |    |

## PART II

## PATTERNS OF POPULAR COMPLIANCE AND COMPLAINT

5. The Creation of a Niche Society? Conformity and Grumbling 129  
     The claims of the state and the worries of everyday life  
     Achieving conformity? Compliance and the 'niche society'  
     in the 1970s  
     Raised expectations and heightened lability in the 1980s
6. Modes of Popular Dissent 151  
     Splutterings from below: strikes and disturbances  
     Immunity or *Resistenz*, refusals, and rejection

## PART III

## CHALLENGES TO DOMINATION

7. The Fragmentation of Political Opposition 175  
     A failed revolution? The uprising of June 1953  
     Flashpoints which failed to ignite: 1956 and 1961  
     The revolution which did not take place: 1968 in the GDR
8. The Growth of Political Activism 201  
     Contexts and conditions of emergence  
     The controlled ventilation of dissent, 1978-1984  
     The proliferation of dissent in the mid-1980s  
     Repression, resistance, and destabilization, 1987-1989
9. The End of a Dictatorship: Mass Mobilization and Regime  
     Implosion, Autumn 1989 243  
     The mobilization of the masses  
     The renunciation of repression?  
     The collapse of the will to rule  
     The end of a dictatorship

## CONCLUSION

10. The Peculiarities of the East German Dictatorship 269  
     The life and death of the GDR  
     Theoretical implications  
     Reinterpreting GDR history  
     Was the GDR inevitably doomed to fail?  
     A 'fourth Reich'? The GDR in comparative context  
     The GDR as contemporary history
