

# Outline

## Page

1.	<b>Abbreviations</b>	6-7
2.	<b>Introduction</b>	8
2.1	Allergic Asthma	8
2.2	Chitinases and Chitinase-Like Proteins	8
2.3	Chitinases and Chitinases-Like Proteins in Allergic Asthma	9
3.	<b>Aims</b>	11
4.	<b>Material and Methods</b>	12
4.1	IL-13 Overexpressing Mice	12
4.2	Generation of BRP-39 knock-out Mice	12
4.3	OVA Sensitization and Challenge	14
4.4	BAL and Lung Inflammation	14
4.5	Histologic Analysis	14
4.6	Immunohistochemistry	15
4.7	Immunoblot Analysis	15
4.8	Quantification of BRP-39	15
4.9	mRNA Analysis	16
4.10	Flow Cytometry	16
4.11	Alternative Macrophage Activation	17
4.12	Statistics	18
5.	<b>Results</b>	19
5.1	Regulation of BRP-39 by Th2 Inflammation	19
5.2	Role of BRP-39 in OVA-induced Inflammation and Physiologic Dysregulation	21
5.3	BRP-39 Regulation of Dendritic Cells and Alternative Macrophage Activation	22
5.4	BRP-39 Regulation of Inflammatory Cell Apoptosis	26
5.5	BRP-39 and IL-13	28

6.	<b>Discussion</b>	31
6.1	BRP-39	31
6.2	BRP-39 and Th2 Inflammation	32
7.	<b>Summary / Zusammenfassung</b>	36
8.	<b>Attachment</b>	37
8.1	References	37
8.2	List of Figures	41
8.3	Acknowledgements	42
8.4	Curriculum Vitae	43
