<i>Foreword</i> .....	<i>v</i>
<i>Preface</i> .....	<i>vii</i>
1. Functional Dairy Foods: From Concept to Product .....	1
<i>A.K. Singh and A.K. Srivastava</i>	
2. Folate Production by Lactic Acid Bacteria .....	9
<i>S.K Tomar and Ramya Iyer</i>	
3. Bacteriocins of Lactic Acid Bacteria .....	23
<i>R.K. Malik, Naresh Kumar and Arun Bhardwaj</i>	
4. Biothickeners from Lactic Acid Bacteria .....	33
<i>Rameshwar Singh, Anbukkarasi, K., Pradip Behare and Prathima, P.C.</i>	
5. Conjugated Linoleic Acid: Metabolism, Role in Prevention of Pathologies and Mechanism of Action .....	43
<i>Vinod K. Kansal and Renu Sagwal</i>	
6. Functional Indian Traditional Dairy Products ....	53
<i>Dharam Pal and P. Narender Raju</i>	
7. Vitamin Binding Proteins in Milk: Natural Functional Ingredients .....	59
<i>Rajan Sharma and Y.S. Rajput</i>	

8	Immunomodulatory Effects of Bioactive Peptides of Milk Origin .....	67
	<i>Suman Kapila and Rajeev Kapila</i>	
9	Application of New Emerging Probiotic Yeast in the Development of Therapeutic Dairy Products .....	79
	<i>D.N. Gandhi and Kalpana Dixit</i>	
10	Synbiotic Foods : The Concept and Development .....	87
	<i>Malvika Malik, Anshu Anamika, Noor Afsha, Surajit Mandal, A.K. Puniya and Kishan Singh</i>	
11	Delivery Systems for Functional Food Ingredients .....	95
	<i>Surajit Mandal</i>	
12	Development of Bioactive Cheese: A Holistic Biotechnological Approach .....	109
	<i>S.K. Kanawjia, A. Chatterjee and K. Kunal</i>	
13	Functional Attributes of <i>Lactococcus lactis</i> : A New Insight .....	121
	<i>Rameshwar Singh &amp; Poornima</i>	
14	Direct-Fed Microbials: Enhancing Functional Attributes of Milk.....	133
	<i>Anil Kumar Puniya, Sunit Singh Dagar, Sanjay Kumar, Jatinder Paul Sehgal and Kishan Singh</i>	
15	Low Carb Sweeteners from Lactic Acid Bacteria .....	141
	<i>S.K. Tomar and Falguni Patra</i>	
16	Biosurfactants of Lactic Acid Bacteria: Novel Functional Biomolecules .....	153
	<i>Rameshwar Singh and Uma Maheswari T.</i>	

17	Immunodiffusion – A Technique for Antigen Characterization .....	161
	<i>Y.S. Rajput, Rajan Sharma and Rewa Kumari</i>	
18	Western Blotting – A Tool for Protein Characterization .....	167
	<i>Y.S. Rajput, Rajan Sharma and Poonam</i>	
19	Vitamin Fortification as Dietary Supplements in Functional Dairy Products .....	173
	<i>Sumit Arora</i>	
20	Adaptation at Molecular Level in Hyperthermophiles .....	183
	<i>Jai K. Kaushik</i>	
21	Genomics Based Biomarkers for Probiotic Functionality .....	191
	<i>Sunita Grover, Raj Kumar Duary and V.K. Batish</i>	
22	Designing of Novel Probiotics for Functional Foods .....	197
	<i>V.K. Batish and Sunita Grover</i>	
23	Bio-Safety Principles and Containment Designs in Food Laboratory .....	201
	<i>Naresh Kumar</i>	
24	Approaches to Develop Low – Cholesterol Milk Products .....	217
	<i>Vivek Sharma, Darshan Lal and Amit Kumar</i>	
25	Cosmeceuticals: A Healthy Way of Personal Care .....	225
	<i>Shilpa Vij</i>	
26	Identification, Analysis and Characterization of Biological Macromolecules using Proteomic Approaches for Future Application in Food Science .....	241
	<i>Ashok K. Mohanty</i>	

27	Potential Applications of Nanotechnology in Food Industry .....	253
	<i>Gautam Kaul and Thippeswamy, H.S.</i>	
28	Role of Probiotic Bacteria Against Cancer .....	261
	<i>Manoj Kumar, Pramod Kumar and P.K Aggarwal</i>	
29	High Hydrostatic Pressure (HHP) Technology in Dairy Processing .....	277
	<i>Rekha Chawla and A.K. Singh</i>	
30	Use of DNA Microarray Technology in Food Microbial Pathogen Detection, Identification and Characterization .....	289
	<i>Dinesh Kumar and B.K. Joshi</i>	
31	Prebiotics: The Novel Functional Food Ingredients for Health .....	305
	<i>R.K. Sharma and Tulika</i>	
32	Regulatory and Voluntary Guidelines for Probiotics .....	313
	<i>J.B. Prajapati and Suja Senan</i>	
33	Calcium Fortified Milk and Products .....	337
	<i>Sumit Arora</i>	
34	Production of Functional Biomolecules by Propionibacteria .....	347
	<i>Prashant, Sarang Dilip Pophaly and S.K. Tomar</i>	
35	Combating Anti-Nutritional Factors in Food through Microbial Intervention .....	357
	<i>Sudhir Kumar Tomar &amp; Sandip Basu</i>	
36	Safety Aspects of Probiotics .....	367
	<i>S.D. Pophaly, Prashant Singh, A.K. Singh, S.K. Tomar and Rameshwar Singh</i>	

37	Phytochemicals and their Utilization in Functional Foods .....	389
	<i>Ashish Kumar Singh</i>	
38	Production and Evaluation of Prebiotics .....	401
	<i>S.K. Tomar, Vikas Sangwan, Babar Ali, Prasad S. Patil and R.R.B. Singh</i>	
39	Genomics of Probiotic Action .....	413
	<i>Poonam, Sarang Dilip Pophly, and S.K. Tomar</i>	
40	Nutritional and Functional Properties of Oats ...	429
	<i>Seema and Rameshwar Singh</i>	
41	Diabetes, Postprandial Hyperglycemia and $\alpha$ -Glucosidase Inhibitors .....	449
	<i>Priti Devi, Sumit Singh Dagar, Sanjay Kumar and A.K. Puniya</i>	
42	Potential Herbs for Incorporation into Dairy Foods .....	471
	<i>Shaik Abdul Hussain, Rekha Rani and R.R.B. Singh</i>
