Part One

| | |
|---|-----------|
| THE NATURE OF SERVICES | 1 |
| 1 The nature of services | 3 |
| Steven Desmet, Bart Van Looy, Roland Van Dierdonck | |
| Introduction | 3 |
| <i>Objectives</i> | 4 |
| The growing importance of services | 4 |
| Services: what makes them special? | 10 |
| A closer look at services | 12 |
| The role of service classifications | 17 |
| Conclusion | 23 |
| <i>Review and discussion questions</i> | 24 |
| <i>Notes and references</i> | 24 |
| <i>Suggested further reading</i> | 26 |
| 2 Defining the service concept | 27 |
| Paul Gemmel, Bart Van Looy, Gino Van Ossel | |
| Introduction | 27 |
| <i>Objectives</i> | 28 |
| Why do we need a service concept? | 28 |
| How to define the service concept | 29 |
| Implementing the service concept | 31 |
| The service concept as a guiding framework: an overview of its main ingredients | 35 |
| Why not all service concepts are alike | 37 |
| Conclusion | 38 |

| | |
|---|-----------|
| <i>Review and discussion questions</i> | 38 |
| <i>Notes and references</i> | 39 |
| <i>Suggested further reading</i> | 39 |
| 3 Servitization: or why services management is relevant for manufacturing environments | 40 |
| Steven Desmet, Roland Van Dierdonck, Bart Van Looy | |
| Introduction | 40 |
| <i>Objectives</i> | 41 |
| From goods to services | 41 |
| Why servitization? | 42 |
| Making the transition | 44 |
| Conclusion | 49 |
| <i>Review and discussion questions</i> | 50 |
| <i>Notes and references</i> | 50 |
| <i>Suggested further reading</i> | 51 |

| | |
|---|-----------|
| Part Two | |
| CUSTOMER LOGIC | 53 |
| 4 Relationship marketing | 55 |
| Kristof De Wulf | |
| Introduction | 55 |
| <i>Objectives</i> | 55 |
| Relationship marketing: new words to an old tune? | 56 |
| Linking customer satisfaction, customer loyalty and profitability | 58 |
| Lifetime value: the link with profitability | 62 |
| How to increase customer satisfaction and customer loyalty | 65 |
| Setting objectives in service marketing | 68 |
| Conclusion | 71 |
| <i>Review and discussion questions</i> | 72 |

CONTENTS

| | |
|--|------------|
| <i>Notes and references</i> | 72 |
| <i>Suggested further reading</i> | 73 |
| 5 Promoting services | 74 |
| Patrick De Pelsmacker, Joeri Van Den Bergh | |
| Introduction | 74 |
| <i>Objectives</i> | 74 |
| What is so different about promoting services? | 74 |
| The basic building blocks of promotion | 76 |
| Designing a marketing communications strategy for services | 83 |
| Drawing up a promotion plan | 92 |
| Conclusion | 94 |
| <i>Review and discussion questions</i> | 95 |
| <i>Notes and references</i> | 95 |
| <i>Suggested further reading</i> | 96 |
| 6 Pricing services | 98 |
| Marion Debruyne, Stefan Stremersch | |
| Introduction | 98 |
| <i>Objectives</i> | 98 |
| Developing a framework for pricing decisions | 99 |
| Pricing objectives | 101 |
| Pricing strategies | 102 |
| Pricing structure | 115 |
| Pricing levels and tactics | 118 |
| Conclusion | 120 |
| <i>Review and discussion questions</i> | 121 |
| <i>Notes and references</i> | 121 |
| <i>Suggested further reading</i> | 122 |
| 7 Customer satisfaction and complaint management | 123 |
| Gino Van Ossel, Stefan Stremersch, Paul Gemmel | |
| Introduction | 123 |
| <i>Objectives</i> | 123 |
| Service quality and customer satisfaction | 124 |
| A service satisfaction framework | 125 |
| Measuring customer satisfaction | 126 |
| Complaint management | 138 |
| Conclusion | 152 |
| <i>Review and discussion questions</i> | 152 |
| <i>Notes and references</i> | 153 |
| <i>Suggested further reading</i> | 154 |

8 Service guarantees and service-level agreements 155

Gino Van Ossel, Paul Gemmel

Introduction 155

Objectives 156

Service guarantees 156

Service-level agreements 168

Internal service guarantees and service-level agreements 172

Conclusion 177

Review and discussion questions 177

Notes and references 177

Suggested further reading 178

Part Three

HUMAN RESOURCES IN SERVICE ORGANIZATIONS 179

9 The role of human resource practices in service organizations 181

Bart Van Looy, Koen Dewettinck, Dirk Buyens,
Tine Vandenbossche

Introduction 181

Objectives 182

The nature of services 182

Human resource management for services 187

Conclusion 192

Review and discussion questions 192

Notes and references 192

Suggested further reading 193

10 Competencies and service organizations 194

Walter Stevens, Dries Faems, Bart Van Looy,
Tine Vandenbossche, Dirk Buyens

Introduction 194

Objectives 194

Designing competency-based HR practices 195

Competencies for service organizations 204

Conclusion 212

Review and discussion questions 212

Notes and references 213

Suggested further reading 213

| | |
|--|------------|
| 11 Collaboration: integrating work and learning | 214 |
| Bart Van Looy | |
| Introduction | 214 |
| <i>Objectives</i> | 215 |
| The benefits of collaboration in the workplace | 215 |
| The broader relevance of collaboration to services | 218 |
| The role of collaboration in learning | 219 |
| Collaboration as the central theme | 222 |
| Establishing collaborative relationships | 223 |
| Conclusion | 227 |
| <i>Review and discussion questions</i> | 227 |
| <i>Notes and references</i> | 227 |
| <i>Suggested further reading</i> | 228 |
| | |
| 12 The role of empowerment in service organizations | 229 |
| Bart Van Looy, Krist'l Krols, Dirk Buyens, Tine Vandebossche | |
| Introduction | 229 |
| <i>Objectives</i> | 230 |
| The relevance of empowerment for service environments | 231 |
| Empowerment: the employee and the supervisor | 232 |
| Empowerment: the organization | 237 |
| Conclusion | 240 |
| <i>Review and discussion questions</i> | 241 |
| <i>Notes and references</i> | 241 |
| <i>Suggested further reading</i> | 242 |
| | |
| 13 Role stress among front-line employees | 243 |
| Koen Dewettinck, Dirk Buyens | |
| Introduction | 243 |
| <i>Objectives</i> | 244 |
| Relevance of role stress for the service encounter | 244 |
| Role stress defined | 245 |
| Handling role stress for front-line employees | 247 |
| Conclusion | 252 |
| <i>Review and discussion questions</i> | 252 |
| <i>Notes and references</i> | 253 |
| <i>Suggested further reading</i> | 254 |

Part Four

| | |
|---|------------|
| OPERATIONS MANAGEMENT IN SERVICE ORGANIZATIONS | 255 |
| 14 Service process design and management | 259 |
| Paul Gemmel | |
| Introduction | 259 |
| <i>Objectives</i> | 260 |
| Process choice | 261 |
| Process design | 263 |
| Process monitoring | 267 |
| Process evaluation | 268 |
| Process re-engineering | 271 |
| Conclusion | 274 |
| <i>Review and discussion questions</i> | 274 |
| <i>Notes and references</i> | 274 |
| <i>Suggested further reading</i> | 276 |
| 15 Capacity management | 277 |
| Roland Van Dierdonck | |
| Introduction | 277 |
| <i>Objectives</i> | 279 |
| Capacity and capacity management | 279 |
| Capacity planning | 285 |
| Scheduling capacity | 291 |
| Managing the demand side | 300 |
| The psychology and managerial consequences of waiting | 307 |
| Conclusion | 314 |
| <i>Review and discussion questions</i> | 314 |
| <i>Technical note</i> | 315 |
| <i>Notes and references</i> | 315 |
| <i>Suggested further reading</i> | 316 |
| 16 Facilities management | 317 |
| Roland Van Dierdonck, Paul Gemmel, Steven Desmet | |
| Introduction | 317 |
| <i>Objectives</i> | 318 |
| The nature of facilities management in services | 319 |
| Back office versus front office | 320 |
| Location | 322 |
| Designing the servicescape | 332 |
| Conclusion | 337 |
| <i>Review and discussion questions</i> | 338 |

CONTENTS

| | |
|--|------------|
| <i>Notes and references</i> | 338 |
| <i>Suggested further reading</i> | 339 |
| 17 IT developments and their impact on services | 340 |
| Tim Duhamel, Bart Van Looy, Wilfried Grommen, Wim Grielens, Niels Schillewaert, Pedro Matthÿnssens | |
| Introduction | 340 |
| <i>Objectives</i> | 341 |
| The network era – Where do we stand? | 341 |
| The impact of IT developments on service encounters | 345 |
| Action strategies for the new media | 360 |
| Conclusion | 366 |
| <i>Review and discussion questions</i> | 366 |
| <i>Notes and references</i> | 366 |
| <i>Suggested further reading</i> | 369 |
| Part Five | |
| AN INTEGRATED APPROACH | 371 |
| 18 Performance measurement systems in service firms | 373 |
| Paul Gemmel, Kurt Verweire, Gino Van Ossel, Werner Bruggeman, Roland Van Dierdonck, Bart Van Looy | |
| Introduction | 373 |
| <i>Objectives</i> | 374 |
| Designing performance measurement systems for services | 374 |
| Implementing an integrated performance measurement system | 388 |
| Conclusion | 401 |
| <i>Review and discussion questions</i> | 401 |
| <i>Technical note</i> | 401 |
| <i>Notes and references</i> | 401 |
| <i>Suggested further reading</i> | 403 |
| 19 Managing innovation in a service environment | 404 |
| Koenraad Debackere, Bart Van Looy | |
| Introduction | 404 |
| <i>Objectives</i> | 405 |
| Innovations as spiral processes: the value-constellation approach | 406 |

| | |
|--|------------|
| Innovation portfolio management | 409 |
| Organizing the innovation portfolio: the make-or-buy decision | 414 |
| The operational management of innovation | 416 |
| Conclusion | 423 |
| <i>Review and discussion questions</i> | 424 |
| <i>Notes and references</i> | 424 |
| <i>Suggested further reading</i> | 426 |
| | |
| 20 Managing services across national boundaries | 427 |
| Roland Van Dierdonck | |
| Introduction | 427 |
| <i>Objectives</i> | 431 |
| Why internationalize? | 431 |
| Drivers towards internationalization | 432 |
| Culture and cultural differences | 436 |
| Internationalization strategies | 444 |
| Conclusion | 450 |
| <i>Review and discussion questions</i> | 451 |
| <i>Notes and references</i> | 451 |
| <i>Suggested further reading</i> | 452 |
| | |
| 21 Defining a service strategy | 453 |
| Aimé Heene, Bart Van Looy, Roland Van Dierdonck | |
| Introduction | 453 |
| <i>Objectives</i> | 453 |
| The nature of strategic management | 453 |
| The challenges of strategic management for services | 461 |
| Conclusion | 472 |
| <i>Review and discussion questions</i> | 473 |
| <i>Notes and references</i> | 473 |
| <i>Suggested further reading</i> | 474 |
| | |
| TECHNICAL NOTES | |
| | |
| 1 How to collect customer satisfaction data | 477 |
| Gino Van Ossel | |
| | |
| 2 Analysing queuing systems in service environments | 491 |
| Paul Gemmel | |
| | |
| 3 Simulation as a tool in designing services | 498 |
| Paul Gemmel | |

| | |
|--|------------|
| 4 Data envelopment analysis | 510 |
| Paul Gemmel | |
| 5 Insights stemming from emerging resource and competence-based strategic management theories | 513 |
| Aimé Heene | |

APPENDICES

| | |
|---|------------|
| 1 Importance of informational elements in ads – comparing goods and services | 516 |
| 2 The state probability ($P(n)$) | 517 |
| Index | 519 |

LIST OF FIGURES

| | | |
|-----|--|----|
| 1.1 | Contribution of service sector to employment, 1999 (%) | 7 |
| 1.2 | Maslow's pyramid of needs and its relationship to disposable income | 9 |
| 1.3 | The different kinds of qualities and their importance for tangible and intangible products | 13 |
| 1.4 | Service classifications based on intangibility and simultaneity | 19 |
| 1.5 | Maister's framework of service classification | 20 |
| 2.1 | Service concept as guiding framework | 35 |
| 2.2 | The service concept: main ingredients | 36 |
| 3.1 | Goods and services: three stages of transition | 42 |
| 3.2 | The ABB pyramid | 47 |
| 3.3 | New view of customer service | 49 |
| 3.4 | ABB Service redefined | 49 |
| 4.1 | The service profit chain | 58 |
| 4.2 | The dimensions of customer loyalty | 59 |
| 4.3 | The relationship between customer satisfaction and customer loyalty | 61 |
| 4.4 | Sources of profitability in relation to customer retention | 62 |
| 4.5 | Percentage increase in customer value (profitability) as a result of a 5 per cent decrease in customer defection | 64 |
| 4.6 | Customer loyalty ladder | 65 |
| 4.7 | Distribution of marketing costs over customer segments | 69 |
| 4.8 | Setting marketing objectives one customer at a time | 70 |
| 4.9 | The value-spectrum model | 71 |
| 5.1 | A two-step flow communications model | 76 |
| 5.2 | The Lavidge and Steiner model of the customer adoption process | 77 |
| 5.3 | Advertisement for a Swiss bank in which the customers' needs for individual service are addressed | 79 |

| | | |
|-----|---|-----|
| 5.4 | Advertisement with transformational needs as basis of message | 81 |
| 5.5 | The service delivery process and the relevance of promotional channels | 83 |
| 5.6 | Advertisement in which a strong image takes the place of long explanations | 87 |
| 5.7 | The relative importance of the individual elements of the communications mix (a) for goods and (b) for services | 91 |
| 5.8 | The stages in drawing up a communication plan | 92 |
| 6.1 | A price structure | 99 |
| 6.2 | The pricing process | 100 |
| 6.3 | The model of 'perceived value' | 105 |
| 6.4 | Chart showing relative positions of companies in a competitive market | 110 |
| 6.5 | Matrix representing criteria for implementation of discount pricing | 119 |
| 7.1 | A service satisfaction framework | 126 |
| 7.2 | Percentage of brand-loyal customers in various sectors | 139 |
| 7.3 | Repeated purchases for dissatisfied customers | 140 |
| 7.4 | Percentage of service organizations using different techniques to lower the threshold to complain | 141 |
| 7.5 | Time taken for companies to react to complaint | 144 |
| 7.6 | Types of compensation used by service organizations | 146 |
| 7.7 | Centralized and decentralized handling and receiving of complaints | 149 |
| 8.1 | The effect of the introduction of a service guarantee at PTT Telecom | 161 |
| 9.1 | The cycle of failure | 185 |
| 9.2 | The cycle of success | 186 |

| | | |
|------|--|-----|
| 10.1 | Quintessence Performance and Competency Management Model | 195 |
| 10.2 | Most important competencies for front-office personnel in a distribution company | 200 |
| 10.3 | The three layers of competencies | 205 |
| 10.4 | The relative importance of the three types of competencies in different types of services | 206 |
| 10.5 | Kolb's learning cycle | 207 |
| 11.1 | The stages of trust development | 224 |
| 11.2 | Phases in group development | 226 |
| 12.1 | Empowerment as a pyramid | 234 |
| 12.2 | A general model of leadership | 235 |
| 12.3 | An integrated framework of leadership and empowerment | 236 |
| 13.1 | Ambiguities faced by front-line employees | 246 |
| 13.2 | Minimizing service employees' role stress through formalization or empowerment, by degree of service interactivity | 251 |
| 14.1 | The relationship between process type and transaction volume | 261 |
| 14.2 | Relationship between process type and transaction volume, according to Silvestro <i>et al.</i> | 262 |
| 14.3 | The service encounter: a blueprint for discount brokerage | 264 |
| 14.4 | Partial QFD for an auto-service firm | 266 |
| 14.5 | SPC used to monitor the overall course evaluation over time | 269 |
| 14.6 | Service Transaction Analysis of the 'Indiana Jones and the Temple of Peril Backwards' attraction in Disneyland Paris | 270 |
| 14.7 | Time-drivers in the CT-scanning process | 272 |
| 15.1 | The value of EuroDisney stock, Nov 1989 to Jan 1997 | 278 |
| 15.2 | Flowchart showing the inspection processes at Belmont | 280 |
| 15.3 | The nature of capacity management | 283 |
| 15.4 | Capacity utilization and waiting time | 286 |
| 15.5 | Capacity utilization and waiting times in a bank | 287 |
| 15.6 | Determining the capacity level | 288 |
| 15.7 | Optimal waiting time in a fast-food restaurant | 289 |
| 15.8 | Hospital resource planning system | 294 |
| 15.9 | The resources planning procedure | 295 |

| | | |
|---------|--|-----|
| 15.10 | A product structure tree for Veal Picante | 296 |
| 15.11 | An integrated framework for manpower planning, staffing and scheduling | 297 |
| 15.12 | A demand curve | 302 |
| 15.13 | An integrated view of managing the perception of waiting times | 312 |
| 16.1(a) | Population density of Europe, 1995 | 323 |
| 16.1(b) | Average temperature in selected European countries, 1996 | 323 |
| 16.2 | Determining the optimal number of service facilities | 327 |
| 16.3 | Location model according to Huff | 332 |
| 16.4 | A framework for understanding environment-user relationships in service organizations | 334 |
| 17.1 | Network computing | 342 |
| 17.2 | Relationship between nature of service and relevance of the market space | 352 |
| 17.3 | Degree of richness of task-interactive services | 354 |
| 17.4 | The relationship between the nature of a service, information richness demands and the relevance of the market space | 354 |
| 17.5 | The commodity magnet and how to handle it | 364 |
| 18.1 | The balanced scorecard as developed by Henry Ford Health System | 376 |
| 18.2 | The EFQM Excellence Model | 377 |
| 18.3 | Service concept as a guiding framework | 380 |
| 18.4 | The implementation process of a performance measurement system | 390 |
| 18.5 | The balanced scorecard at Rank Xerox | 395 |
| 19.1 | The innovation portfolio | 410 |
| 19.2 | Performance determinants of innovation projects | 417 |
| 19.3 | Project performance in the innovation matrix | 420 |
| 20.1 | Ratio of exports in commercial services to merchandise trade, 1985-94 (\$ million) | 429 |
| 20.2 | The same hand movement interpreted differently in three different countries | 438 |
| 20.3 | The structure of culture | 439 |
| 20.4 | International views of the past, present and future | 441 |
| 20.5 | The relationship between cultural characteristics and stereotypes | 442 |
| 20.6 | A general framework of internationalization strategies | 444 |
| 21.1 | The field of strategy making | 454 |

LIST OF FIGURES

| | | |
|-------|--|-----|
| 21.2 | Product companies and service companies moving towards each other | 462 |
| TN2.1 | The relationship between method of payment and payment time in a supermarket | 493 |
| TN2.2 | An example of the negative exponential distribution | 495 |

| | | |
|-------|--|-----|
| TN3.1 | Animation of the supermarket | 502 |
| TN3.2 | The fitting of a gamma distribution to the variable purchasing time (without a packer) | 505 |
| TN3.3 | The fitting of a log-normal distribution to the variable purchasing time (with a packer) | 506 |
| TN5.1 | The firm modelled as an open system | 513 |

LIST OF TABLES

| | | |
|------|--|-----|
| 1.1 | Contribution of service sector to GDP in some developed countries, 1970–99 (%) | 6 |
| 1.2 | Contribution of service sector to GDP in some Eastern European countries, 1980–99 (%) | 6 |
| 1.3 | Contribution of service sector to GDP in some developing countries, 1970–99 (%) | 7 |
| 1.4 | Differences between services and goods | 11 |
| 2.1 | Buyer expectations of various do-it-yourself stores according to the buying situation | 32 |
| 4.1 | Calculation example of lifetime value | 63 |
| 4.2 | Reasons for breaking a relationship with a supplier | 66 |
| 5.1 | Addressing needs: making a distinction between negatively and positively oriented buying motives | 80 |
| 5.2 | Research results showing how often certain items of information appeared in newspaper advertisements | 86 |
| 7.1 | The results of a Servqual perception measurement in a Nuclear medicine clinic | 135 |
| 8.1 | The main differences between service guarantees and service-level agreements | 169 |
| 9.1 | Sources of employee satisfaction | 191 |
| 10.1 | Characteristics of Competence Management deployment processes | 198 |
| 10.2 | Customer orientation as a competency | 199 |
| 10.3 | Definitions of three competencies for 'salespeople' | 201 |
| 10.4 | Detailed definitions of three competencies for 'salespeople' | 201 |

| | | |
|------|--|-----|
| 10.5 | Different training approaches and their relevance for developing different types of competencies | 211 |
| 12.1 | Contingencies of empowerment | 232 |
| 12.2 | The five dimensions of empowerment as a driving force behind individual work motivation | 233 |
| 12.3 | Comparison of employees with high and low levels of empowerment | 234 |
| 14.1 | A comparison of operational performance measures between two hospitals | 272 |
| 15.1 | Various categories of waiting situations: frequencies and average waiting times | 285 |
| 15.2 | Mean satisfaction rating by length of time on hold | 286 |
| 15.3 | Distribution of sales throughout the week at a typical branch of McDonald's | 291 |
| 15.4 | Distribution of sales throughout the day at a typical branch of McDonald's | 292 |
| 15.5 | Staffing at McDonald's | 292 |
| 15.6 | The Gates Hotel no-show experience | 306 |
| 16.1 | Summary of results by type of music | 318 |
| 16.2 | Major design considerations for back office and front office | 321 |
| 16.3 | Factors influencing the location decision | 325 |
| 16.4 | Choosing a restaurant site | 329 |
| 16.5 | Probabilities | 330 |
| 16.6 | The current trading areas of the seven branches | 330 |
| 18.1 | Input of the 24 branches for the DEA analysis | 384 |
| 18.2 | Data Envelopment Analysis for 24 bank branches | 385 |

LIST OF TABLES

| | | |
|-------|---|-----|
| 18.3 | An integrated set of performance measures and their operationalization for a bank | 387 |
| 19.1 | The make-or-buy decision spectrum | 415 |
| 19.2 | Portfolio management and the make-and-buy decision | 416 |
| 20.1 | Dimensions to characterize underlying assumptions | 440 |
| 20.2 | Organizational models | 446 |
| 20.3 | Elements of internationalization strategies | 449 |
| 21.1 | Distinctive characteristics of tangibles and intangibles | 465 |
| TN2.1 | Arrival time, interarrival time and service time of 12 shoppers | 492 |
| TN2.2 | Different elements of a queuing system | 494 |

| | | |
|-------|---|-----|
| TN3.1 | Interarrival distribution | 500 |
| TN3.2 | Service-time distribution | 500 |
| TN3.3 | A two-digit random number table | 501 |
| TN3.4 | Monte Carlo simulation of the bank-teller problem | 501 |
| TN3.5 | Summary statistics for different variables (in seconds) in the situation with and without packers | 504 |
| TN3.6 | Comparison of the frequency distribution of the variable purchasing time respectively in the situation with packer and without packer | 504 |
| TN3.7 | Results in terms of numbers of customers served by the clerk in an eight-hour day | 507 |

LIST OF EXHIBITS

| | | |
|------|---|-----|
| 1.1 | Methods of classifying services | 17 |
| 2.1 | SMART: addressing parking needs | 30 |
| 3.1 | Colora: selling solutions | 43 |
| 3.2 | The development of ABB Services | 47 |
| 5.1 | Somer errors in communication | 82 |
| 6.1 | Pricing service innovations throughout the life cycle | 108 |
| 7.1 | Ten components of service quality | 133 |
| 7.2 | Measuring service quality at an outpatient nuclear medicine clinic | 135 |
| 7.3 | Involving the entire company | 151 |
| 8.1 | Service-level agreements at Securis | 171 |
| 8.2 | Filling vacancies | 173 |
| 9.1 | Rising sales at Au Bon Pain | 187 |
| 11.1 | Failing apprentices in the butcher trade | 221 |
| 12.1 | Empowerment at Taco Bell | 236 |
| 15.1 | The Belmont case | 279 |
| 15.2 | Capacity scheduling at McDonald's | 291 |

| | | |
|------|---|-----|
| 15.3 | MRP in a New Orleans restaurant | 295 |
| 15.4 | Staffing and scheduling nurses in an acute care hospital | 299 |
| 15.5 | Yield management in Transpacific Airlines | 304 |
| 15.6 | The Gates Hotel, San Francisco | 306 |
| 16.1 | Determining the site of EuroDisney | 322 |
| 16.2 | Terminal decline | 337 |
| 17.1 | IT and the stockbroking industry | 345 |
| 17.2 | The development of the bicycle: a socio-technological tale | 358 |
