TABLE OF CONTENTS

INTRODUCTION	1
I. Monographic revision of Japanese Plecoptera	2
A. HOLOGNATHA	3
1. Scopuridae	3
2. Peltoperlidae	4
Nemouroidea	10
3. Nemouridae	10
4. Leuctridae	33
5. Taeniopterygidae	48
6. Capniidae	57
B. SYSTELLOGNATHA	97
7. Perlodidae	97
8. Perlidae	123
9. Chloroperlidae	162
II. Some observations on the phylogeny of Plecoptera with special reference to the Japanese genera	177
A. Scopuridae and its position	178
B. Capniidae and its position	184
C. Discussion on the phylogeny and the probable derivation of the Suborder Holognatha in the Northern Hemisphere	188
III. Geographical distribution of Japanese Plecoptera	191
IV. Summary	196
SUPPLEMENT	199
BIBLIOGRAPHY	201
INDEX	209
