1	Book Introduction	1
	Jennifer Blackhurst, Teresa Wu	
	References	5
Section I Understanding and Assessing Risk in the Supply Chain		
2	Effective Management of Supply Chains: Risks and Performance ...	9
	Bob Ritchie, Clare Brindley	
2.1	Introduction	9
2.2	Supply Chain Risk	10
2.2.1	Risk and Uncertainty	10
2.2.2	Risk and Outcomes	12
2.3	Supply Chain Risk Management	16
2.4	Performance	17
2.4.1	Performance Criteria	18
2.4.2	Risk and Performance – Timeframe	19
2.5	Performance and Risk Metrics	20
2.6	Risk-Performance: Sources, Profiles and Drivers	22
2.7	Risk Management Responses	24
2.8	Conclusions	26
	References	26
3	Managing Supply Chain Disruptions	
	via Time-Based Risk Management	29
	ManMohan S. Sodhi, Christopher S. Tang	
3.1	Introduction	29
3.2	Background	30
3.3	Time-Based Risk Management	31
3.3.1	Response Time and Impact	32
3.3.2	Modeling Disruption Impact over Time	33
3.3.3	Time-Based Risk Management in Practice	35

3.4	Risk and Reward Considerations	37
3.5	Conclusion	38
	References	39
4	Prioritization of Risks in Supply Chains	41
	Mohd. Nishat Faisal	
4.1	Introduction	41
4.2	Literature Review	43
	4.2.1 Risk	43
	4.2.2 Supply Chain Risk Management	44
	4.2.3 Supply Chain Risk Mitigation Strategies	45
4.3	Supply Chain Risks Taxonomy	46
	4.3.1 Risks in Physical Sub-Chain	47
	4.3.2 Risks in Financial Sub-Chain	49
	4.3.3 Risks in Relational Sub-Chain	49
	4.3.4 Risks in Informational Sub-Chain	51
4.4	Methodology	52
	4.4.1 A Numerical Application	56
4.5	Concluding Remarks	61
	References	63
5	A Generalized Simulation Framework for Responsive Supply Network Management	67
	Jin Dong, Wei Wang, Teresa Wu	
5.1	Introduction	67
5.2	Review of Supply Chain Simulation	68
5.3	GBSE: A Supply Chain Simulation Environment	70
	5.3.1 GBSE Architecture	71
	5.3.2 GBSE for Supply Chain Simulation	73
5.4	Experiments	78
	5.4.1 Notation	80
	5.4.2 Scenario I: Impact of Demand Forecast Accuracy	81
	5.4.3 Scenario II: Impact of Supplier Selection	83
	5.4.4 Scenario III: Impact of Different Transportation Mode... ..	83
	5.4.5 Scenario IV: Impact of Quality Uncertainty	85
5.5	Conclusion	87
	References	87

Section II Decision Making and Risk Mitigation in the Supply Chain

6	Modeling of Supply Chain Risk Under Disruptions with Performance Measurement and Robustness Analysis	91
	Qiang Qiang, Anna Nagurney, June Dong	
6.1	Introduction	91
6.2	The Supply Chain Model with Disruption Risks and Random Demands	94

6.2.1	The Behavior of the Manufacturers	97
6.2.2	The Behavior of the Retailers	98
6.2.3	The Market Equilibrium Conditions	100
6.2.4	The Equilibrium Conditions of the Supply Chain	101
6.3	A Weighted Supply Chain Performance Measure	103
6.3.1	A Supply Chain Network Performance Measure	103
6.3.2	Supply Chain Robustness Measurement	104
6.4	Examples	105
6.5	Summary and Conclusions	109
	References	109
7	The Effects of Network Relationships on Global Supply Chain Vulnerability	113
	Jose M. Cruz	
7.1	Introduction	113
7.2	The Global Supply Chain Networks Model	115
7.2.1	The Behavior of the Manufacturers	120
7.2.2	The Multicriteria Decision-Making Problem Faced by a Manufacturer	121
7.2.3	The Optimality Conditions of Manufacturers	122
7.2.4	The Behavior of the Retailers	122
7.2.5	A Retailer's Multicriteria Decision-Making Problem	123
7.2.6	The Optimality Conditions of Retailers	124
7.2.7	The Consumers at the Demand Markets	125
7.2.8	The Equilibrium Conditions of the Network	126
7.2.9	Remark	129
7.3	The Supply Chain Network Efficiency and Vulnerability Measures	129
7.4	Numerical Examples	131
7.5	Managerial Implications	137
7.6	Conclusions	138
	References	138
8	A Stochastic Model for Supply Chain Risk Management Using Conditional Value at Risk	141
	Mark Goh, Fanwen Meng	
8.1	Introduction	141
8.2	A Stochastic Model with Conditional Value at Risk	143
8.3	Sample Average Approximation Program	146
8.4	An Illustration of the Stochastic Model	149
8.5	A Wine Supply Chain Problem	151
8.6	Conclusion	155
	References	156

9	Risk Intermediation in Supply Chains	159
	Ying-Ju Chen, Sridhar Seshadri	
9.1	Introduction	159
9.1.1	Relevant Literature	164
9.2	Model, Assumptions, and Analysis	165
9.2.1	A Single Retailer	166
9.3	Multiple Contracts	172
9.4	Risk Aversion and Channel Structure	174
9.5	Continuous Formulation and the Optimality of the Menu	177
9.5.1	Continuous Type Space	178
9.5.2	Optimal Contract Menu in the Continuous Case	178
9.6	Future Research and Conclusion	182
	References	184
10	Forecasting and Risk Analysis in Supply Chain Management: GARCH Proof of Concept	187
	Shoumen Datta, Don P. Graham, Nikhil Sagar, Pat Doody, Reuben Slone, Olli-Pekka Hilmola	
10.1	Introduction	187
10.2	Supply Chain Management and Demand Amplification	188
10.3	Beer Game and Role of Advanced Forecasting Methods	191
10.4	Advanced Statistical Models	194
10.5	Temporary Conclusion	200
	References	201
11	Supply Chain Risk Management: Annotation of Knowledge Using a Semi-Structured Knowledge Model	205
	Chun-Che Huang, Tzu-Liang (Bill) Tseng	
11.1	Introduction	205
11.2	The Generation and Representation of Semi-Structured Knowledge	208
11.2.1	The Generation of Semi-Structured Knowledge	208
11.2.2	Semi-Structured Knowledge Representation	211
11.3	Annotation Framework for Supply Chain Risk Management Knowledge	216
11.4	Interaction of Annotated SCRM Knowledge Documents with the Benchmark Ontology	223
11.4.1	Extracting and Mapping	223
11.4.2	Interaction Between SSK and the Benchmark Ontology	226
11.5	Conclusions	230
	References	231
