

TABLE OF CONTENTS

<i>List of Contributors</i>	xv
-----------------------------------	----

<i>Preface</i>	xxiii
----------------------	-------

Chapter 1	Introduction	1
	• Non Thermal Dairy Processing Technologies	1
	• Starter Culture Technology	5
	• Phage Resistant Lactic Strains.....	6
	• Production of Enzymes/ Recombinant For Dairy Industry	7
	• Production of Recombinant Thermostable B-Galactosidase.....	8
	• Biosensor In Dairy Industry	8
	• Antibiotic Detection.....	9
	• Pathogen And Toxin Detection	9
	• Designer Milk or Customized Milk.....	11
	• References	12
Chapter 2	Effect of Nutrition on Production, Composition, Fatty Acids and Nutraceutical Properties Of Milk	17
	• Abstract	17
	• Introduction	18
	• Milk Production Performance	20
	• Milk Composition	22
	• Milk Fat And Fatty Acids.....	26
	• Milk Protein Content	34
	• Conclusions And Recommendations	37
	• References	38
Chapter 3	Development Of Qcm Biosensor With Specific Cow Milk Protein Antibody For Candidate Milk Adulteration Detection.....	45
	• Abstract	45

•	Introduction	46
•	Experimental Section	47
•	Results And Discussion	50
•	Conclusions	57
•	Acknowledgment	58
•	References	58
Chapter 4	Bacterial Spore Based Biosensor For Detection of Contaminants In Milk.....	63
•	Abstract	63
•	Introduction	64
•	Biosensor	65
•	Classification of Biosensor	65
•	Conclusion	75
•	References	75
Chapter 5	Construction of a Dairy Microbial Genome Catalog Opens New Perspectives For The Metagenomic Analysis Of Dairy Fermented Products	79
•	Abstract	80
•	Background	81
•	Results	83
•	Discussion	96
•	Conclusion	98
•	Methods.....	99
•	Acknowledgements.....	106
•	Authors' Contributions	106
•	References	107
Chapter 6	Microbial and Physicochemical Qualities of Pasteurized Milk	117
•	Abstract	117
•	Introduction	118
•	Materials And Methods	120
•	Physico-Chemical Analysis	122
•	Results And Discussion	125
•	Conclusion	127

• Acknowledgement	128
• References	128
Chapter 7 Application of Membrane Separation Technology For Developing Novel Dairy Food Ingredients	131
• Abstract	131
• Introduction	132
• Applications In Dairy Industry.....	133
• Novel Membrane Processes and Applications	134
• Novel Applications of Membrane Separations In Production of Value Added Dairy Ingredients.....	136
• Conclusions	143
• References	143
Chapter 8 Designer Milk - A Milk Of Intrinsic Health Benefit: A Review	147
• Abstract	147
• Introduction	148
• Applications of Designer Milk.....	149
• Technologies Adopted for Development of Designer Milk.....	150
• Conclusion	157
• References	158
Chapter 9 Cross-Breeding In Cattle For Milk Production: Achievements, Challenges And Opportunities In India-A Review	161
• Abstract	161
• Introduction	162
• Cross-Breeding: The Genetic Back Ground and Types of Crossbreeding.....	165
• Summary of the Findings of Several Workers and Reviewer on The Subject Over The Last 50 Years.....	168
• Examine of Some of The Important Work Published Subsequently To These Reviews on Crossbreeding of Dairy Cattle.....	171
• Other Crossbreeding Programs In Different States	189
• Consequences of Crossbreeding.....	192
• General Observations	196
• Conclusion	197
• References	198

Chapter 10	Detection Of Raw Milk Adulterated With Cheese Whey by Ultrasound Method	203
•	Abstract	203
•	Introduction	204
•	Materials and Methods.....	205
•	Conclusion	209
•	References	209
Chapter 11	Health Risks Associated With The Occurrence and Persistence of Listeria Monocytogenes In Dairy Plants	213
•	Editorial	213
•	References	215
Chapter 12	Milk Ring Test As Ready Aid To Diagnose Bovine Brucellosis In Lactating Cows Of Tamil Nadu, India	217
•	Abstract	217
•	Introduction	218
•	Materials And Methods	219
•	Discussion	221
•	References	223
Chapter 13	Application of Microencapsulation Technology For The Production of Vitamin-C Fortified Flavoured Milk	227
•	Abstract	227
•	Introduction	228
•	Objective.....	229
•	Materials and Methods.....	229
•	Results and Discussion.....	234
•	Conclusion	236
•	Acknowledgement	236
•	References	236
Chapter 14	Longevity In Dairy Cattle	239
•	Abstract	239
•	Introduction	240
•	Selection For Longevity	240
•	Molecular Base Of The Longevity.....	242
•	References	243

Chapter 15 A Review of Methods For Genotyping Milk Proteins In Cattle..... 247

- Abstract 247
- Why Milk Protein Polymorphism Is Important?..... 248
- Pcr Based Molecular Approaches For Genotyping Milk Proteins 249
- Concluding Remarks..... 257
- References 257

Chapter 16 Elisa For Raw And Heat-Treated Cows And Buffalos Milk In The Milk of Other Species And Sources 261

- Abstract 261
- Introduction 262
- Materials and Methods..... 264
- Results and Discussion..... 266
- Conclusions 273
- Acknowledgement 273
- References 273

Citations..... 277
