| 29. Decolonial Enactments of Human Resilience: Stories of Palestinian Families From Beyond the Wall
<i>Devin G. Atallah</i> | 565 |
| 30. The Economics of Multisystemic Resilience
<i>Gabriella Conti and Tatiana Paredes</i> | 584 |

Section 9: Architecture and Urban Design

31. The Embodied Multisystemic Resilience of Architecture and Built Form 603
Brian McGrath and Dongxue Lei
32. The Social Contexts of Resilient Architecture 625
Terri Peters
33. Resilience in Postdisaster Reconstruction of Human Settlement:
An Architectural Perspective 646
Haorui Wu

Section 10: Technology and Human Systems

34. Design and Engineering of Resilience for Networked Computer Systems 663
David Hutchison, Mark Rouncefield, Antonios Goughidis, and Tom Anderson
35. Patterns for Achieving Resilience in Engineered and Organizational Systems 682
*Scott Jackson, Victoria Hailey, Keith D. Willett, Timothy Ferris,
and Eric A. Specking*

Section 11: Social Ecological Systems
