Preface	ix
Acknowledgments	xi
Note from the Authors	xiii
Competency Mapping Chart	xv
1. Anatomy and Embryology of the Eye	1
2. Vision– Its Physiology, Neurology, and Assessment	14
3. Optics and Refraction	35
4. Ocular Therapeutics	60
5. The Conjunctiva	83
6. The Cornea	117
7. The Sclera	164
8. The Uveal Tract	173
9. The Pupil	213
10. The Lens	219
11. The Glaucoma	257
12. Vitreous Humor	316
13. The Retina	323
14. The Optic Nerve	393
15. The Afferent (Sensory) System	421
16. The Efferent (Motor) System	434
17. Strabismus (Squint)	449
18. Ocular Tumors	481

19. Ocular Injuries	495
20. The Lids	513
21. The Lacrimal Apparatus	545
22. The Orbit	565
23. Ocular Manifestations in Neurological Disorders	591
24. Ocular Manifestations of Systemic Diseases	636
25. Cryotherapy and Lasers in Ophthalmology	654
26. Eye Surgery	660
27. Ocular Symptoms and Examination	708
28. Community Ophthalmology	728
Index	739
