Introduction	ix
Chapter One: Morphology	1
1.1 Introduction	1
1.2 What is morphology?	1
1.3 Emergence of morphology	4
1.4 Value of morphology	5
1.5 Morphology and syntax	7
1.6 Morphology and phonology	11
1.7 Morphology and semantics	13
1.8 Categories of morphology	16
1.8.1 Derivational morphology	16
1.8.1.1 What is derivational morphology?	17
1.8.2 Inflectional morphology	21
1.8.3 Differences between derivation and inflection	23
1.9 Morphological diagram	26
1.10 Study questions	27

Chapter Two: The Morpheme	29
2.1 Introduction	29
2.2 What is a morpheme?	29
2.2.1 Characteristics of the morpheme	30
2.3 Types of morpheme	31
2.3.1 Free morpheme	32
2.3.1.1 Types of free morpheme	32
2.3.2 Bound morpheme	33
2.3.2.1 Summary of bound morphemes	35
2.4 Frequency, productive and nonproductive morphemes	36
2.5 Differences between morpheme and syllable	37
2.6 The affix	39
2.6.1 What is an affix?	40
2.6.2 Types of affixes	40
2.6.2.1 Prefixes	41
2.6.2.2 Suffixes	41
2.6.2.3 Infixes	42
2.6.3 Characteristics of the affix	44
2.6.4 Affixation	45
2.6.5 Summary of affixes	48
2.7 Irregular suffixes	48
2.8 Derivational affixes	50
2.8.1 Types of derivational affixes	51

2.8.2 Structures of derivational affixes	53
2.8.3 Meanings of derivational affixes	58
2.8.4 Summary of derivational affixes	63
2.9 Derivational prefixes	69
2.9.1 Meanings of derivational prefixes	71
2.9.2 Combination and meanings of derivational prefixes	73
2.10 Inflectional suffixes	75
2.10.1 Types of inflectional suffixes	76
2.10.2 Summary of inflectional morphemes (inflections)	81
2.11 Adjective suffixes	82
2.12 Irregular plural nouns	83
2.13 Derivation vs inflection	85
2.14 Summary of the morpheme	86
2.15 Morphological diagram	88
2.16 Morphological analysis	89
2.17 Allomorph	90
2.17.1 What is an allomorph?	90
2.17.2 Summary of allomorph	95
2.17.3 Conditions of allomorph	97
2.18 The morph	99
2.19 Relationship between morphemes, allomorphs, and morphs	102
2.19.1 Morphological rule	102
2.19.2 Conclusion	103

2.20 Homophone, morpheme, and morph	103
2.20.1 Summary of homophone	104
2.21 Study questions	106
 Chapter Three: Morphosyntactic Analysis	 109
3.1 Introduction	109
3.2 Morphological diagram	109
3.3 Morphological analysis	111
3.4 Syntactic structures	127
 Chapter Four: Word and Lexeme	 144
4.1 Introduction	144
4.2 What is a word?	144
4.3 Characteristics of words	148
4.4 Word structure	151
4.5 Grammatical word	153
4.6 Classification of words	156
4.7 Word structure	159
4.8 Verbal compounds	160
4.9 The lexeme	162
4.9.1 What is a lexeme?	164
4.10 Multiword lexeme	167
4.11 Specifications (conditions) of lexemes	170

4.12 Meanings of lexeme	170
4.13 Types of lexeme	171
4.14 Study questions	174
 Chapter Five: Word Formation Processes	 177
5.1 Introduction	177
5.2 What is a word formation process?	177
5.2.1 Derivation	178
5.2.2 Acronyms	179
5.2.3 Backformation	180
5.2.4 Blending	180
5.2.5 Borrowing	183
5.2.6 Calque	184
5.2.7 Clipping	185
5.2.8 Coinage	186
5.2.9 Compounding	187
5.2.9.1 Characteristics of compounds	188
5.2.9.2 Structure of compounds	189
5.2.9.3 Types of compounds	198
5.2.9.4 Phrasal words	203
5.2.9.5 Compound or phrase?	204

5.2.9.6 Words and number of morphemes	208
5.2.9.7 Examples of compounds	209
5.2.10 Conversion	211
5.2.10.1 Types of conversion	214
5.2.10.2 Important note on conversion	216
5.4 Productivity	217
5.4.1 Constraints on productivity	220
5.5 Blocking	222
5.6 Neologism	226
5.7 Nature of the lexicon	227
5.8 Mental lexicon	231
5.9 Study questions	233
Chapter Six: Study Questions	234
6.1 Introduction	234
6.2 5.2 Assignment questions	234
Chapter Seven: True or False Questions	250
7.1 Introduction	250
7.2 True or False questions	250

Glossary	270
Bibliography	292
