Part I Understanding Mental Health, Neurodiversity, and Cognitive Development

1 Introduction to Mental Health, Neurodiversity, and Criminal Justice	3
Introduction	3
A Note About Evolving Language and Terms: Words Matter	4
Intellectual Disability	4
Mental Health Terminology	5
Disability Versus Disorder Versus Illness	6
Person-First Versus Identity-First language	7
The (Mis)Use of Functioning Labels	8
Criminal Justice System Terminology	8
Overview of Book's Content	9
Race and Ethnicity in the Criminal Justice System	11
Overview of the US Criminal Justice System Process	11
Steps of Criminal Justice System Involvement	12
Mental Health in the Criminal Justice System	15
Conclusion	18
References	20

2	Understanding Neurodiversity—Overview and Implications for the Criminal Justice System	25
	Introduction	25
	Neurodiversity	26
	Neurological Differences of the Brain	26
	Neurodevelopmental Disorders	27
	Intellectual Disability: History and Progression of Diagnosis and Terminology	28
	Autism: History and Progression of Diagnosis and Terminology	30
	Prevalence Rates of ID and Autism	32
	Offending Behavior Among Those with ID and Autism	34
	Case of Anthony	35
	Misconceptions About ID and Autism	36
	Conclusion	38
	References	41
3	Understanding Mental Illnesses and Substance Use Disorders—Overview and Implications for the Criminal Justice System	49
	Introduction	49
	Schizophrenia Spectrum and Other Psychotic Disorders	50
	Diagnostic Criteria for Schizophrenia and Other Psychotic Disorders	53
	Bipolar Disorder	54
	Diagnostic Criteria for Bipolar Disorder	54
	Post-Traumatic Stress Disorder	56
	Diagnostic Criteria for Post-Traumatic Stress Disorder	57
	Prevalence Rates of Mental Illnesses	58
	Prevalence in Correctional Populations	59
	Substance Use Disorders	60
	Physiological Origins of Dependence	61
	Diagnostic Criteria for Substance Use Disorders	62
	Prevalence Rates of Substance Use Disorders in the General Population	63
	Prevalence in Correctional Populations	64
	Case of Alex	65
	Misconceptions About Mental Illnesses and Substance Use Disorders	66
	Conclusion	69
	References	71

4	Understanding Adolescent Cognition and Decision-Making—Overview and Diversion from the Justice Systems	77
	Introduction	77
	Criminological Theories: Decision-Making and Juvenile Delinquency	79
	The Classical School of Thought	79
	Rational Choice Theory	80
	Social Control Theory	81
	General Theory of Crime	82
	Age-graded Theory of Informal Social Control	84
	Adolescence-Limited and Life-course-Persistent	84
	Maturity Development	86
	Psychosocial Maturity	86
	Case of Camile	91
	Conclusion	93
	References	96

Part II The History and Progression of the Justice and Mental Health Systems

5	History of the Criminal Justice System—From Colonial Roots to Modern Reforms	101
	Introduction	101
	Colonial Period (1607–1775)	102
	Criminal Codes	102
	Court System	103
	Penal System	103
	Policing System	104
	Revolutionary Period (1775–1783) and Formation of the United States	105
	The US Constitution	105
	Industrialization, Expansion, and Reforms (1800s–1960s)	107
	Penitentiaries	107
	Formal Police Agencies	108
	Rise of the Rehabilitation Model	110
	The Civil Rights Movement (1954–1968)	111
	The Crime Control Era (1970s–1990s)	114
	The “War on Drugs”	115
	Decline of the Rehabilitation Model	117

Prison Population Expansion	118
Contemporary Era (2000's–Present)	121
Evidence-Based Practices in Corrections and Rehabilitation	122
Evidence-Based Practices in Policing	124
Conclusion	125
References	128
6 History of the Juvenile Justice System—From Child Saving to Modern Reforms	133
Introduction	133
Early Reformers: The Child Savers (1820s–1920s)	134
Case Briefs: Challenging Parens Patriae	135
First Juvenile Court: Chicago, Illinois 1899	136
The Re-emergence of Child Saving	137
Due Process Period (1960s–1970s)	138
Case Briefs: Challenging Juvenile Court Proceedings	139
The Juvenile Justice and Delinquency Prevention Act	141
The Crime Control Period (1980s–1990s)	142
Transfer Waivers from Juvenile Court to Adult Court	144
The Collateral Consequences of “Get-Tough” Policies	146
Strict School Discipline	146
Contemporary Era (2005–Present): Children Are Different	150
Expanding Juvenile Court	151
Conclusion	153
References	155
7 History of the Mental Health System—From Hospitalization to Community Care and Implications for the Criminal Justice System	161
Introduction	161
Formation of Institutionalized Care for Persons with Mental Illnesses	162
Treatment Reforms and the Establishment of Hospitals	164
Expansion of Institutionalized Care	166
Eugenics Movement: Sterilization of Those with Mental Illnesses and Disabilities	166
Deteriorating Institutionalized Care	169

Media Exposure of Declining Care	170
Harmful Treatments	171
Deinstitutionalization	172
Expanding Civil Rights and Restricting Eligibility for Hospitalization	172
Case Briefs: Expanding Civil Rights for Civil Commitment	173
Legislative Acts for Individuals with Mental Illnesses and Disabilities	175
Social Impacts of Deinstitutionalization	179
Conclusion	182
References	185

Part III Mental Health and Neurodiversity—Implications for Police

8 Police–Citizen Interactions—Challenges and Solutions for Individuals with Mental Illnesses and Neurodevelopmental Disabilities	191
Introduction	191
Interactions with Mental Health and Neurodiverse Populations	193
Context of Interactions	194
Reported Experiences with Police	194
Use of Force	195
Example of Use of force Continuum	196
Police Training	200
Crisis Intervention Team (CIT)	201
Disability-Specific Training	203
Programs to Improve Community Encounters	205
Pilot Programs	205
Considerations and Recommendations	206
Allocate Funding	207
Increase Training Standards and Content	207
Designate Specialized Officers	208
Establish Partnerships and Community Outreach	208
Conclusion	209
References	211

9	Interviews and Interrogations—Addressing the Needs of Suspects with Mental Illnesses, Neurodevelopmental Disabilities, and Juveniles	217
	Introduction	217
	Custodial Interrogations and Constitutional Rights	219
	The Reid Technique	219
	Miranda Warnings and Police Interrogations	221
	False Confessions	225
	Types of False Confessions	226
	Age and Mental Status	227
	Considerations and Recommendations	232
	Training and Education on Mental Health, Disabilities, and Adolescents	232
	Interviewing with an Appropriate Adult	233
	Assumptions of Comprehension	233
	Reconsider School Interrogations	234
	Avoid Misleading Tactics	234
	Consider Communication Barriers	234
	Video/Audio Recording	235
	Consider the Alternative Methods	235
	Conclusion	235
	References	238
10	Eyewitness Identifications and Interviews—Addressing the Role of Memory and the Needs of Children and Individuals with Neurodevelopmental Disabilities	243
	Introduction	243
	Identification Procedures	245
	Constructing Lineups and Photospreads	246
	Witnesses Instructions and Statements	247
	Showups	249
	Memory Recall and Eyewitness Identification	250
	Accuracy of Eyewitness Reports	250
	Cognitive Interviews	256
	Considerations and Recommendations	258
	Adhere to Best Practice Guidelines for Identifications	258
	Cautions During Cross-racial Identifications	259
	Cautions When Questioning Children and Neurodiverse Individuals	259
	Conclusion	260
	References	262

**Part IV Mental Health and Neurodiversity—Implications
for the Court System**

11 Competency Evaluations—Legal Precedents and Implications for Defendants with Mental Illnesses and Neurodevelopmental Disabilities	271
Introduction	271
Competency to Stand Trial	273
Legal Precedent	273
Assessing Competency	275
Competency Restoration	278
Case of Felix	280
Competency to Waive Counsel	281
Case Briefs: US Supreme Court Cases Involving Competency to Waive Counsel	282
Competency to Waive Miranda	284
Assessing Miranda Comprehension	284
Neurodiverse Defendants: Challenges for Defense Attorneys	286
Considerations and Recommendations	287
Attention to Warning Signs	287
Cross-System Collaboration	288
Continued Education on Mental Health and Neurodiversity	288
Building Rapport	289
Conclusion	289
References	291
12 Legal Responsibility and the Insanity Defense—Legal Standards and Implications for Defendants with Mental Illnesses and Neurodevelopmental Disabilities	297
Introduction	297
Crime Elements: Actus Rea and Mens Rea	298
The Insanity Defense	299
M’Naghten Rule	299
Case of Andrea Yates	301
Other Legal Standards	303
Assessment of Legal Responsibility	309
Guidelines for Assessment	309

Collateral Information	310
Dispelling Misconceptions of the Insanity Defense	313
Considerations and Recommendations	316
Continued Education on Mental Health and Neurodiversity	316
Build a Rapport Over Time	317
Cross-System Collaboration	317
Police Officer's Role	318
Conclusion	318
References	321
13 Witness Testimony and Evidentiary	
Standards—Accommodations and Support Strategies	
for Children and Individuals with Mental Illnesses	
and Neurodevelopmental Disabilities	325
Introduction	325
Witness Competence and Credibility	326
Relevant Federal Rules of Evidence Article VI. Witness	327
Child Witnesses	327
Witness Credibility	328
Courtroom Procedures	331
Questioning Strategies	331
Accommodations	332
Expert Witness Testimony	335
Standards for Expert Testimony	335
Relevant Federal Rules of Evidence Article VII. Opinions	
and Expert Testimony	336
Defendants	338
Considerations and Recommendations	344
Build a Rapport and Explain the Court Process Over Time	344
Inquire About Diverse Communication Methods	344
Obtain Evaluations for Defendants	345
Work with Family Members	346
Request Accommodations	346
Secure Expert Witnesses	347
Conclusion	347
References	349

Part V Mental Health and Neurodiversity—Implications for the Correctional and Mental Health Systems

14 Community-Based Corrections—Probation and Specialty Court Interventions for Individuals with Mental Illnesses and Substance Use Disorders	357
Introduction	357
Probation	358
Effectiveness of Probation	359
Evidence-Based Approach to Probation	360
Clients with Mental Health and Substance Use Disorders	362
Specialty Courts	365
Adult Drug Courts	366
Juvenile Drug Courts	367
Mental Health Courts	369
Considerations and Recommendations	372
Provide Adequate Training in the RNR Model	372
Establish Effective Relationships with Clients	373
Designating Specialized Officers	373
Adhere to Best Practice Guidelines	374
Conclusion	375
References	377
15 Involuntary Civil and Outpatient Commitment—Legal Criteria, Processes, and the Intersection of Mental Health and Criminal Justice Systems	385
Introduction	385
Traditional Civil Commitment	386
Civil Commitment Process	387
Forensic Civil Commitment	389
Civil Commitment of Those with Substance Use Disorders	390
Outpatient Civil Commitment	391
Civil Commitment of Those Convicted of Sexual Offenses	395
Considerations and Recommendations	402
Strengthen Mental Health Case Systems	402
Community Supervision and Support Services	402
Consider the Effects of Registration Laws	403
Conclusion	403
References	405

16	Correctional Facilities and Capital Punishment—Addressing Civil and Human Rights Among Individuals with Mental Illnesses, Substance Use Disorders, and Neurodevelopmental Disabilities	411
	Introduction	411
	History of Institution Conditions and Treatment Reforms	412
	Treatment and Support Services	415
	Substance Use Treatment	416
	Additional Problems and Considerations	418
	Increased Risk of Self-injury and Suicide	418
	Increased Physical and Sexual Violence Victimization Risk	419
	Use of Segregation Units	420
	Case of Charlie	421
	Experience for Autistic Individuals	423
	Capital Punishment	424
	Mental Status and Eligibility	425
	Considerations and Recommendations	428
	Training for Correctional Officers	428
	Improve Correctional Mental Health Screening and Services	428
	Consider Alternate Housing	429
	Conclusion	429
	References	431
	Glossary	439
	Index of Cases	451
	Index of Legislation	455
	Index of People	457
	Index of Terms and Topics	459
